Grant objectives
The National Disability Conference Initiative aims to assist eligible conference organisers to maximise the inclusion and participation of people with disability at nationally-focused disability-related conferences in Australia.

A ‘nationally-focused’ conference is considered to be a conference:

(1) for which the majority of the conference schedule focuses on national (rather than state, local or regional) issues; and

(2) which is open to participants from across Australia (rather than being restricted to participants in a particular state or territory).

A ‘disability-related conference’ is considered to be a conference for which at least half of the schedule focuses on people with disability and issues that affect the lifetime wellbeing and social participation of people with disability.

Statement of Requirement
Eligible organisations may apply for funding of up to $10,000 for disability-related conferences with a national focus planned for 2017-18 to:

• assist people with disability with the costs of attending conferences, (for example, conference fees, accommodation, travel for domestic participants); and/or
assist family members or carers providing support to a person with disability attending a conference (for example with costs associated with conference fees, accommodation, travel for domestic participants); and/or facilitate access so that people with disability can participate in conferences (for example, by funding accessible materials, Auslan interpreters, assistive computer devices or software, aids or appliances or other costs of ensuring venue accessibility).

Disability-related conferences are considered to be conferences for which at least half of the schedule focuses on people with disability and issues that affect the lifetime wellbeing and social participation of people with disability.

A ‘nationally-focused’ conference is considered to be a conference:

(1) for which the majority of the conference schedule focuses on national (rather than state, local or regional) issues; and

(2) which is open to participants from across Australia (rather than being restricted to participants in a particular state or territory).

Funding may not be used for:

- conferences which are not nationally-focused;
- conferences which are not disability-related;
- a person without disability unless they are a family member or carer who is attending specifically to support a person with disability to participate;
- international travel, international conferences, or international participants;
- presenters/speakers without disability to present at a conference; and
- general administrative costs such as advertising, telephone, printing/publishing, staff expenses, catering or venue hire.

**Application Requirements**

Applicants may apply for up to $10,000 for each conference. If you are applying for more than one conference you will need to submit a separate application form for each conference.

When completing your Application Form, you must:

- complete the “Provide a brief description of your application for this Activity.” field of the form. When completing this field you must provide a brief description of the conference, including the conference name, date, venue details (where available) and an estimate of how many people with disability will benefit from the grant; and
- provide all information as directed to do so.

**Value for Money**

In assessing the extent to which applications represent value for money, consideration will be given to the information provided at the “Achieving value for money” section of the Program Guidelines, which are available on the DSS website and in the Application Pack available on the Community Grants Hub website.
Selection Criteria

The information requested under each criterion must be provided.

The selection criteria are equally weighted.

- how the conference is disability-related
- how the conference has a national focus; and
- the specific ways the grant funds will be used to assist people with disability to participate in the conference (for example travel for domestic participants, accommodation, live captioning, accessible materials, etc. and how this represents value for money).

Criterion 2 Demonstrate your organisation's capacity and your staff capability (experience and qualifications) to deliver the Disability and Carer Support Activity objectives for people with disability.

In providing a response to this criterion you must include:

- your organisation's capacity and capability to administer the grant; and

Multicultural Access and Equity Policy

Australia’s Multicultural Access and Equity Policy: Respecting diversity. Improving responsiveness means that Australian Government agencies make sure that cultural and linguistic diversity is not a barrier for people who need to access government and community services. This means, for example, that appropriate language services should be provided.

Grant applicants should consider whether professional translating or interpreting services may be needed to deliver services, projects, activities or events to non-English speakers. If your Application Form states that a budget is required, costs for translating and interpreting services should be included in your budget.
Assessment

The Assessment Team comprise of Australian Government officers from each state/territory and national offices. Teams will undertake training so that applications are assessed consistently. The Assessment Team will be bound by the APS Code of Conduct and the departmental Secretary’s Instructions.

Probity and fairness

The selection of funding recipients must be fair, open and demonstrate the highest level of integrity.

The following principles will be applied throughout the selection process:

a. fairness and impartiality;
b. consistency, accountability and transparency of process;
c. security and confidentiality of information;
d. identification and resolution of conflicts of interest; and
e. compliance with legislative obligations and government policy.

These principles are intended to achieve an equitable, justifiable and sound process.

The Community Grants Hub may engage a Probity Advisor to help meet its obligations to make selection processes defensible and able to stand up to external and internal scrutiny.

The Probity Advisor also advises on, and monitors, the procedures used in the selection process to make sure they comply with the published relevant Program Guidelines. The Probity Advisor plays no part in the assessment of applications.

Program Guidelines

The Program Guidelines provide the starting point in considering whether to apply for funding and is the basis for the business relationship between DSS and the grant recipient. Applicants are strongly advised to read the Program Guidelines before completing an Application Form.
