The Murray-Darling Basin Economic Development Program is designed to achieve Australian Government objectives. This grant opportunity is part of the above grant program, which contributes to the Department of Agriculture’s Outcome 3.1 – Water Reform. The Department of Agriculture works with stakeholders to plan and design the grant program according to the Commonwealth Grants Rules and Guidelines 2017 (CGRGs).

The grant opportunity opens
We publish the grant guidelines on GrantConnect and Community Grants Hub websites.

You complete and submit a grant application
You complete the application form and address all of the eligibility and assessment criteria to be considered for a grant.

We assess all grant applications
We assess the applications against eligibility criteria and notify you if you are not eligible. If you are eligible, we then assess your application against the assessment criteria, including an overall consideration of value with relevant money and compare it to other applications.

We make grant recommendations
We provide advice, through the selection advisory panel, to the decision maker on the merits of each application.

Grant decisions are made
The decision maker (Minister for Water Resources, Drought, Rural Finance, Natural Disaster and Emergency Management) decides which applications are successful.

We notify you of the outcome
We advise you of the outcome of your application. We may not notify unsuccessful applicants until successful applicants are announced. Individual feedback will be available on request.

We enter into a grant agreement
If you are successful, we enter into a Commonwealth Standard Grant Agreement with you.

Delivery of grant
You undertake the grant activity as set out in your grant agreement. We manage the grant by working with you, monitoring your progress and making payments.

Evaluation of the Murray-Darling Basin Economic Development Program
We evaluate your specific grant activity and the Murray-Darling Basin Economic Development Program as a whole. We base this on information you provide us and that we collect from various sources.
1.1 Introduction

These guidelines contain information for the Murray-Darling Basin Economic Development Program Round 2 grants.

You must read and understand these guidelines before filling out an application.

This document sets out:

▪ the purpose of the grant program/grant opportunity
▪ the eligibility and assessment criteria
▪ how grant applications are considered and selected
▪ how grantees are notified and receive grant payments
▪ how grantees will be monitored and evaluated
▪ responsibilities and expectations in relation to the opportunity.

This grant opportunity and process will be administered by the Community Grants Hub on behalf of the Department of Agriculture (the department).

2. About the grant program

The Murray-Darling Basin Economic Development Program (the program) will run over 5 years from 2018-19 to 2022-23.

The program was announced by the then Minister for Agriculture and Water Resources on 7 May 2018, as part of the Basin Plan Commitments Package, to support those communities identified as most impacted by water recovery under the Murray-Darling Basin Plan (the Basin Plan). The program is part of the Sustainable Rural Water Use and Infrastructure Program (SRWUIP), which also provides funding for a range of water recovery programs. The department is responsible for delivering water recovery programs and projects under the Basin Plan.

The Basin Plan provides an integrated and strategic framework for water reform consistent with the requirements of the Water Act 2007 (Cth) (the Water Act). The Murray-Darling Basin is a complex, diverse and dynamic system. The water resources of the Basin support an irrigated agricultural sector, communities and the environment. The Basin Plan aims to find a balance between the water needs of all Basin users to ensure communities, industries, and the environment share a sustainable future. The Basin Plan was made under the Water Act and was passed by the Federal Parliament with bipartisan support in November 2012, after several years of research and analysis to help achieve the best balance between water users and the environment.

A central feature of the Basin Plan is re-balancing how water is shared between consumptive uses and the environment. The transition to the new water sharing arrangements under the Basin Plan is happening over a 12-year period to 2024. Implementing the Basin Plan has resulted in some social and economic impacts arising from the transition to the new water sharing arrangements.

The department considered a range of information, including research by the Murray-Darling Basin Authority (the MDBA), to understand the impact of water recovery and to identify communities for inclusion in the program. The MDBA’s research, the 2016 Northern Basin Review and 2017 Basin Plan Evaluation, identified varying degrees of social and economic impacts on Basin communities.

The MDBA research considered change to employment within the context of a number of factors related to Basin Plan water recovery. These include the scale, pace and method of water recovery, the influences of temporary and permanent water trade, the change in employment as a consequence of factors outside the Basin Plan, the size and economic diversity of each community, and whether employment is increasing or decreasing over the time period examined.
For example, purchasing water entitlements reduces the volume of water available for crop production, and when a large proportion of water entitlements are sold in communities with irrigation-dependent economies there can be a substantive direct and indirect impact on jobs. A rapid change in available water entitlements in an irrigation-dependent community may result in a lower ability for local economies to adapt.

For Round 1 of the program, the department identified 14 communities in the Basin eligible for priority funding support because those communities were the ‘most impacted’ by water recovery activities under the Basin Plan. The department also identified the community of Cunnamulla as eligible for support due to water recovery as well as its remote and rural nature as specified in the Basin commitments package. The communities eligible for funding under Round 1 of the program are not eligible for funding in Round 2.

The department identified 31 communities for inclusion in Round 2 of the program using a number of methods, including the MDBA research on the impacts of water recovery and the identification of communities. Applicants should note that the community boundaries are not the same as local government area boundaries. The communities included in Round 2 include all the communities assessed by the MDBA as ‘moderately’ impacted by water recovery under the Basin Plan. These include:

- Bourke, Coomealla, Deniboota, Denimein, Hay, Narromine, Moree, Trangie, Wee Waa, Wentworth (Pooncarie) and West Berriquin in New South Wales
- Cullulleraine, Kerang-Cohuna and Swan Hill in New South Wales/Victoria
- Cobram, Kyabram-Tatura, Mildura, Pyramid Hill-Boort and Shepparton Irrigation Area in Victoria
- Mannum, Murray Bridge, Tailem Bend and Waikerie in South Australia.

Other communities in Round 2 are included due to the proposed acquisition of water entitlements in the Lower Darling and Barwon-Darling, including A Class licences. These acquisitions are part of the Australian Government’s response to the Independent assessment of the 2018-19 fish deaths in the lower Darling Final Report and are expected to have some impact on communities in the region. The additional communities included are:

- Menindee, Wilcannia, Brewarrina and Walgett in New South Wales
- Mungindi in Queensland/New South Wales.

In addition, three communities assessed by the MDBA as experiencing ‘small impacts’ from water recovery under the Basin Plan have been included due to election commitments. They are:

- Berrigan-Finley in New South Wales
- Blanchetown and Morgan in South Australia.

A series of maps showing the boundaries of all 31 communities eligible for funding under Round 2 of the program is at Appendix A.

The objective of the program is to assist eligible communities to undertake economic development projects to respond to the impact of water recovery activities under the Basin Plan.

The intended outcomes of the program are to:

- increase capacity of eligible communities to diversify and strengthen local economies
- enhance resilience of eligible communities to manage current and future economic challenges and changes
- increase opportunities for employment within eligible communities.
The outputs will be the number of jobs created as a result of the projects and the number of projects supporting economic development activities that continue after the end of the projects.

The department and the Community Grants Hub administer the program according to the Commonwealth Grants Rules and Guidelines 2017 (CGRGs).

3. Grant amount and grant period

3.1 Grants available

The Australian Government has announced a total of $15 million (GST exclusive) for the Murray-Darling Basin Economic Development Program Round 2 grant opportunity. Each of the 31 communities has a notional allocation of $450,000 (GST exclusive).

The grant opportunity will run from 1 May 2020 to 30 April 2023.

The minimum grant amount is $10,000 (GST exclusive). An application for grant funding below the set minimum amount will be deemed ineligible and the application will not be assessed.

There is no specific maximum grant amount but grants cannot exceed the amount of funds available for eligible communities. The notional allocation for each community is $450,000 (GST exclusive), and the assessment process outlined in Section 8.3 strongly advantages grant applications under this amount. The selection advisory panel may recommend grant applications seeking more than $450,000 (GST exclusive) for funding, but only if there is sufficient unallocated funding after projects equal to or less than $450,000 (GST exclusive) are recommended for funding.

3.2 Grant period

The maximum grant period is 3 years. You must complete your grant activity by 30 April 2023. Following the grant period, a project evaluation period of five months will commence.

4. Eligibility criteria

The decision maker can choose to waive the eligibility criteria; however, they must be made aware of the risks.

4.1 Who is eligible to apply for a grant?

To be eligible you must be one of the following entity types:

- Indigenous Corporation
- Local Government
- Cooperative
- Incorporated Association
- Company

---

1 Includes New South Wales local governments created as Body Politics.
Applications from consortia are acceptable, as long as you have a lead applicant who is solely accountable to the Commonwealth for the delivery of grant activities and is an eligible entity as per the list above.2 Eligible organisations can form consortia with ineligible organisations.

4.2 Additional eligibility requirements

We can only accept applications from organisations that:

- are a not-for-profit organisation
- have an Australian Business Number (ABN) or are willing to obtain one prior to the execution of the grant agreement
- have an account with an Australian financial institution.

4.3 Who is not eligible to apply for a grant?

You are not eligible to apply if you are a:

- Corporate Commonwealth Entity
- Non-Corporate Commonwealth Entity
- Non-Corporate Commonwealth Statutory Authority
- Commonwealth Company
- Corporate State or Territory Entity
- Non-corporate State or Territory Entity
- Non-corporate State or Territory Statutory Authority
- International Entity
- Sole Trader
- Statutory Entity
- Partnership
- Person
- Trustee on behalf of a Trust
- Unincorporated Association

4.3.1 Unincorporated Associations

Non-legal entities such as an Unincorporated Association may be able to receive funding where a legal parent organisation, or a legal entity connected to the Unincorporated Association can enter into a legally binding agreement on its behalf and is an eligible entity as per Sections 4.1 and 4.2.

5. What the grant money can be used for

5.1 Eligible grant activities

To be eligible your grant activity must be in accordance with these guidelines and should meet the following requirements:

---

2 The Australian Government recognises that some organisations may seek to form consortia in order to apply for a grant under the program. Consortia are eligible to apply and the relevant conditions applicable to consortia are at 7.2 'Joint (consortia) applications'
Eligible organisations are encouraged to collaborate with the broader eligible community and, as appropriate, act in partnership with other organisations to propose projects that stimulate economic activity and growth.

Eligible projects should be in the communities identified in the list in Section 5.2 and shown in the maps in Appendix A and must conduct economic development activities that will mitigate the effects of the Basin Plan water recovery activities in those communities.

Broadly, the program supports projects that create economic development and employment opportunities. This would include innovative projects or proposals to build community capacity to make the most of the resources available. Projects do not have to relate to irrigation or agriculture. Ideally, applications should bring enduring benefits to the entire eligible community.

Projects should involve activities to support the unique situations faced by eligible communities and may:

- focus on future economic development needs through the development of non-technical skills such as business management, risk management, strategic planning and leadership in order to support resilience and adaptive management capability
- strengthen workforce capabilities through skills and capabilities development, entrepreneurialism, resilience and adaptive capacities in ways that are enduring
- deliver Indigenous-focussed outcomes
- develop industry clusters or networks that bring together representatives of regional businesses, research centres and other partners
- integrate new technology or processes for improved capability, productivity and competitiveness
- assist local businesses and industries (including tourism) to grow and/or diversify, attracting new investment and new job creation
- address barriers to commerce such as inadequate mobile or internet services, or local banking opportunities
- address environmental needs, including management, education and tourism
- address infrastructure challenges impacting on industry sustainability or expansion
- improve infrastructure, plant or equipment for enhanced efficiency and competitiveness of local industry
- strengthen supply chain efficiencies and linkages
- deliver strategic planning that addresses and responds to the economic challenges a community faces as a result of water recovery activities under the Basin Plan
- leverage other Commonwealth or State grant programs to increase the value of the grant.

The above list is not comprehensive and other project activities will be considered.

With the exception of the activities listed in Section 5.4 that we will not fund, we are providing flexibility in the type of project eligible for funding to enable local communities to identify the projects that best address their particular circumstances.

### 5.2 Eligible locations

Your grant activities must be delivered in, or for the benefit of, an eligible community. Table 1 below lists the eligible communities. The boundaries of these communities are clearly defined in the maps at Appendix A. You will not be eligible for funding if your project is not focused on one or more of these community areas.

### 5.3 Eligible expenditure

You can only spend the grant on eligible expenditure you have incurred on eligible grant activities. The program provides flexibility for eligible organisations to identify projects that best address an eligible community’s particular circumstances. Therefore, these guidelines are not prescriptive about the type of project expenditure eligible for funding under the program.

Eligible expenditure items are:

- eligible costs you incur on agreed project activities specified in your grant agreement (i.e. we will not pay for any expenses you incur before the grant agreement is signed).

You must incur the eligible expenses on your project activities between the start date and completion date of your grant agreement for it to be eligible.

### 5.4 What the grant money cannot be used for

You cannot use the grant for:

- retrospective activities (project activities that have commenced or been completed before signing the grant agreement)
- costs incurred in the preparation of a grant application or related documentation
- subsidy of general ongoing administration of an organisation such as electricity, phone and rent
- “business as usual” operation and administration costs of the local government authority or the organisation delivering the project, including maintenance, repairs, utilities and staffing (this
does not extend to staff, consultants or contractors engaged specifically and solely for the purposes of the project

- activities for which other Commonwealth, state, territory or local government bodies have primary responsibility
- activities funded through, or to be funded through, other Australian Government or state government investment
- labour, operational and maintenance costs associated with the project post completion
- projects requiring recurrent funding from a state government or the Australian Government once completed
- projects that only benefit private individuals or enterprises within the community (as opposed to projects that benefit the community)
- projects involving financial or debt restructuring
- research and development projects
- purchase of land, unless as an integral part of an eligible project
- any activity which is contrary to the objectives and intent of the program.

We cannot provide a grant if you receive funding from another government source for the same purpose.

6. The assessment criteria

You must address all of the following assessment criteria in the application. We will assess your application based on the weighting given to each criterion detailed below.

The application form includes character limits – up to 6000 characters (approx. 900 words) per criterion. The application form will not accept characters beyond this limit. Please note spaces are included in the character limit.

You must address all of the assessment criteria in the application. Applications that score highly against all criteria are more likely to be recommended for funding.

All projects must deliver value with relevant money in the context of the criteria outlined below. We will assess each application on its merits and the weighting given to each criterion detailed below. We will recommend funding for projects based on a competitive evaluation against all assessment criteria.

Criterion 1: Economic benefits [weighting of 40%]

You must describe your project in detail. You must identify which community your project relates to, specify the location of the activities, and describe how it will deliver economic benefits that address the impacts of water recovery on the community. Do not provide a description of the impacts of water recovery on the community. When addressing the criterion, strong applications will discuss how the project will provide economic benefits, including how it will:

- diversify and strengthen an identified community’s economy
- enhance resilience of the community to manage current and future economic challenges and changes
- increase opportunities within the community for employment.

Applications that outline measurable outputs of the proposed projects, such as the number of jobs created as a result of the project, will be highly regarded.
Criterion 2: Community support and benefit [weighting of 30%]

You must describe how your project will provide support for and benefit to the community, as opposed to only individuals or enterprises within the community. You must detail how your project is supported by the community. When addressing the criterion, strong applications will include:

- a description of the linkages to relevant local economic development strategies, including the plans, priorities or challenges outlined in any relevant local, state or Australian Government policies or other documentation that demonstrate the project is a strategic priority
- an analysis of the public benefit
- recent written support from key stakeholders for this project, including but not limited to relevant local governments, community stakeholders and Indigenous communities (you may include up to five written letters of support consolidated into a single attachment).

Criterion 3: Organisational capability [weighting of 30%]

You must describe how you will manage and deliver the project, including your financial control systems and project management arrangements. You should provide enough detail to demonstrate that your organisation has the capacity to manage grant funding and deliver the project. When addressing the criterion, strong applicants will include:

- a detailed itemised budget, including contingency allowances, in the template provided
- details of your proposed governance arrangements and how you will manage the project
- a summary of your plan to deliver the project, in the form of a detailed project plan, including subcontracting arrangements
- a description of the experience of the personnel who will be delivering and managing the project/s.

7. How to apply

Before applying, you must read and understand these guidelines, the terms and conditions, sample grant agreement, and questions and answers. These documents are found at GrantConnect and Community Grants Hub websites. Any changes to grant documentation are published on both sites and addenda will be published on GrantConnect. By registering on this website, you will automatically be notified of any changes. GrantConnect is the authoritative source for grants information.

You can only submit one application form per project for this grant opportunity. If more than one application is submitted for a project, only the latest accepted application form will progress.

To apply you must:

- complete the online application form on GrantConnect or Community Grants Hub
- provide all the information requested
- address all eligibility criteria and assessment criteria
- include all necessary attachments
- submit your application to the Community Grants Hub by 11.00PM AEDT on Thursday 20 February 2020.

---

2 Alterations and addenda include but are not limited to: corrections to currently published documents, changes to close times for applications, questions and answers documents
We will not provide application forms or accept applications for this grant opportunity by fax or mail. The application form includes help information. You are responsible for making sure your application is complete and accurate. Giving false or misleading information is a serious offence under the Criminal Code 1995 and we will investigate any false or misleading information and may exclude your application from further consideration.

If you need more help with the application process, submitting an application online, have any technical difficulties or find an error in your application after submission, but before the closing date and time, you should contact the Community Grants Hub immediately on 1800 020 283 (option1) or email support@communitygrants.gov.au. The Community Grants Hub does not have to accept any additional information, or requests from you to correct your application after the closing time.

You cannot change your application after the closing date and time.

If we find an error or note information is missing, we may ask you for clarification or additional information. This will not change the nature of your application. However, we can refuse to accept any additional information from you that would change your application after the closing time.

You should keep a copy of your application and any supporting documents.

You will receive an automated notification acknowledging the receipt of your application.

7.1 Attachments to the application

The following supporting documents must be attached to your application. Templates are provided for your use with the grant opportunity documents as specified below. Applications using the provided templates will be viewed more favourably.

- A project plan, including description of the proposed activity, resourcing, justification for grant amount, and outline of plan for project and risk management – template provided
- A project budget – template provided

You may also attach copies of written support – consolidated into a single attachment – as requested in Criterion 2.

You should attach supporting documentation according to the instructions provided within the application form. You should only attach requested documents. We will not consider information in attachments we have not asked for.

Please note: There is a 2mb limit for each attachment.

7.2 Joint (consortia) applications

We recognise that some organisations may want to join together as a group to deliver a grant activity.

In these circumstances, you must appoint a ‘lead organisation’. Only the lead organisation can submit the application form and enter into a grant agreement with the Commonwealth. The application must identify all other members of the proposed group.

You must have a formal arrangement in place with all parties, and supply evidence of this arrangement to the department, prior to execution of the grant agreement.
7.3 Timing of grant opportunity processes

You must submit an application between the published opening and closing dates.

Late applications

We will not accept late applications unless an applicant has experienced exceptional circumstances that prevent the submission of the application. Broadly, exceptional circumstances are events characterised by one or more of the following:

- reasonably unforeseeable
- beyond the applicant’s control
- unable to be managed or resolved within the application period.

Exceptional circumstances will be considered on their merits and in accordance with probity principles.

How to lodge a late application

Applicants seeking to submit a late application will be required to submit a late application request to the Community Grants Hub via support@communitygrants.gov.au.

The request should include a detailed explanation of the circumstances that prevented the application being submitted prior to the closing time. Where appropriate, supporting evidence can be provided to verify the claim of exceptional circumstances.

Written requests to lodge a late application will only be accepted within three days after the grant opportunity has closed.

The Delegate or their appointed representative will determine whether a late application will be accepted. The decision of the delegate will be final and not subject to a review or appeals process.

Once the outcome is determined, the Community Grants Hub will advise the applicant if their request is accepted or declined.

7.4 Questions during the application process

If you have any questions during the application period, contact the Community Grants Hub on 1800 020 283 (option1) or email support@communitygrants.gov.au.

The Community Grants Hub will respond to emailed questions within five working days. Answers to questions are posted on the GrantConnect and Community Grants Hub websites.

The question period will close at 5:00PM AEDT on Thursday 13 February 2020. Following this time, only questions about using and/or submitting the application form will be answered.

8. The grant selection process

8.1 Assessment of grant applications

We will review your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process. If eligible, the selection advisory panel will then assess your application against the assessment criteria (see Section 6) and against other applications. The selection advisory panel will consider your application on its merits based on:

- how well it meets the criteria
- how it compares to other applications.

A selection advisory panel will consider whether it provides value with relevant money.\(^5\)

When assessing the extent to which the application represents value with relevant money, the selection advisory panel will have regard to:

- the overall objective/s to be achieved in providing the grant
- the relative value of the grant sought
- the extent to which the geographic location of the application matches identified communities
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the program outcomes/objectives
- how the grant activities will target economic development in the identified communities.

8.2 Financial viability

Applicants may be subject to a financial viability assessment. The financial viability assessment forms part of the risk mitigation strategy and can include:

- establishing whether relevant persons have any adverse business history (for example current or past bankruptcy)
- assessment of the financial health of an entity.

8.3 Who will assess and select applications?

The selection advisory panel will assess each eligible application on its merits and compare it to other eligible applications. The selection advisory panel will also make recommendations to the decision maker on allocating projects across all eligible communities. The assessment will have three phases:

- Phase 1: ranking of all eligible applications into an order of merit.

---

\(^5\) See glossary for an explanation of ‘value with relevant money’. 
Phase 2: assigning the highest ranked projects equal to or under $450,000 (GST exclusive) in the order of merit to each identified community until the notional allocation of $450,000 (GST exclusive) is reached for each community.

Phase 3: assigning remaining funding available after phase two to the highest ranked projects according to the order of merit, until available program funding has been exhausted and all notional allocations have been met.

Applicants should note this process means there is a low probability that projects over $450,000 (GST exclusive) will be recommended for funding. Applicants should consider splitting projects into separate applications where appropriate and clearly indicate the organisation’s priority for funding each of those applications.

Applicants should also note that the selection advisory panel may recommend a lower amount of funding for projects to the decision maker, in order to maximise the number of projects to be funded and maximise the number of communities with projects. The selection advisory panel may also recommend additional value with relevant money projects from the order of merit to the decision maker for future funding if additional funding beyond the $15 million (GST exclusive) allocated to Round 2 of the program becomes available.

The selection advisory panel will comprise departmental officers, one (or more) economic development expert(s), and other members at the department’s discretion. Panel members will undertake training to ensure consistent assessment of all applications. During consideration of proposals, the selection advisory panel may seek external advice on any aspect of a proposal to inform the assessment process, including from relevant local government agencies, state governments and/or the Australian Local Government Association.

Any expert/advisor, including Commonwealth Officials, will be required/expected to perform their duties in accordance with the CGRGs.

The selection advisory panel may seek additional information about you or your application and this may delay completion of the selection process. It may do this from within the Commonwealth, even if the sources are not nominated by you as referees. The selection advisory panel may also consider information about you or your application that is available through the normal course of business.

The selection advisory panel recommends grant applications to the decision maker for approval.

8.4 Who will approve grants?

The Minister for Water Resources, Drought, Rural Finance, Natural Disaster and Emergency Management (the decision maker) decides which grants to approve based on the recommendations of the selection advisory panel and the availability of grant funds for the purposes of the grant program.

The decision maker’s decision is final in all matters, including the:

- approval of the grant
- grant funding amount to be awarded.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

We will write to you about the outcome of your application. If you are successful, you will be advised if any specific conditions are attached to the grant.
9.1 Feedback on your application

A Feedback Summary will be published on the Community Grants Hub website to provide all organisations with easy access to information about the grant selection process and the main strengths and areas for improving applications.

Individual feedback will be available. The process for requesting individual feedback will be included in the letter advising the outcome of your application.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We will offer successful applicants a Commonwealth Standard Grant Agreement for this grant opportunity.

Each grant agreement has general/standard grant conditions that cannot be changed. Sample grant agreements are available on GrantConnect and Community Grants Hub websites as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These will be identified in the grant agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

Commonwealth Standard Grant Agreement

We will use a Commonwealth Standard Grant Agreement.

You will have twenty (20) business days from the date of a written offer to sign and return this grant agreement. The grant agreement is not considered to be executed until both you and the Commonwealth have signed the grant agreement. During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

10.2 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the Commonwealth Child Safe Framework (CCSF).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause is likely to be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.
A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

The successful applicant will be required to comply with all child safety obligations included in the grant agreement published with this grant opportunity or notified to the successful applicant prior to execution of the grant agreement. Irrespective of the child safety obligations in the grant agreement you must always comply with your state and territory legislative requirements for working with children and mandatory reporting.

10.3 Multicultural Access and Equity

The Australian Government’s Multicultural Access and Equity Policy obliges Australian government agencies to ensure their policies, programs and services - including those provided by contractors and service delivery partners - are accessible to, and deliver equitable outcomes for, people from culturally and linguistically diverse (CALD) backgrounds.

Grant applicants should consider how they will ensure their services will be accessible to people from CALD backgrounds. For example, service delivery partners may require cultural competency skills. In addition, services, projects, activities or events may require the use of professional translating or interpreting services in order to communicate with clients who have limited English proficiency. Based on an assessment of the client target group, costs for translating and interpreting services should be factored into grant applications (to assist with identifying these costs see the Translating and Interpreting Services costing tool in the grant opportunity documents).

10.4 How we pay the grant

The grant agreement will state:

- the maximum grant amount to be paid
- any financial contributions you must make
- any financial contribution provided by a third party

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

We will make payments according to an agreed schedule set out in the grant agreement. Payments are subject to satisfactory progress on the project.

If you are registered for the Goods and Services Tax (GST), where applicable, we will add GST to your grant payment and issue you with a Recipient Created Tax Invoice.

If a Government Related Entity is deemed successful, GST will not apply.

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the Australian Taxation Office. We do not provide advice on your particular taxation circumstances.

11. Announcement of grants

If successful, your grant will be listed on the GrantConnect website 21 calendar days after the date of effect as required by Section 5.3 of the CGRGs.
12. **How we monitor your grant activity**

12.1 **Keeping us informed**

You should let us know if anything is likely to affect your grant activities or organisation. We need to know of any changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due because of these changes.

If you become aware of a breach of the terms and conditions under the grant agreement, you must contact us immediately.

You must notify us of events relating to your grant and provide an opportunity for the Minister or their representative to attend.

12.2 **Reporting**

You must submit reports in line with the grant agreement and the attached activity work plan. The activity work plan documents planned deliverables, milestones and outputs for the funded project. Successful applicants’ progress and outcomes against the activity work plan will be monitored throughout the grant through regular reports.

We will provide sample templates for these reports. We will remind you of your reporting obligations before a report is due. We will expect you to report on:

- progress against agreed grant activity milestones and outcomes
- expenditure of the grant.

The amount of detail you provide in your reports should be relative to the size and complexity of the grant and the grant amount.

We will monitor progress by assessing reports you submit and may conduct site visits or request records to confirm details of your reports if necessary. Occasionally, we may need to re-examine claims, ask for more information or request an independent audit of claims and payments.

**Progress reports**

Progress reports must:

- include evidence of your progress toward completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date
- be submitted by the report due date outlined in the grant agreement (you can submit reports ahead of time if you have completed relevant activities).

We will only make grant payments when we receive satisfactory progress reports.

You must tell us of any reporting delays with us as soon as you become aware of them.

**Ad-hoc reports**

We may ask you for ad-hoc reports on your grant. This may be to provide an update on progress, or any significant delays or difficulties in completing the grant activity.

**Final report**

When you complete the grant activity, you must submit a final report.

Final reports must:

- identify if and how outcomes have been achieved
• include the agreed evidence as specified in the grant agreement
• identify the total eligible expenditure incurred
• be submitted by the due date and in the format provided in the grant agreement
• include an independently audited financial acquittal report.

12.3 Audited financial acquittal report
We will ask you to provide an independently audited financial acquittal report. A financial acquittal report will verify that you spent the grant in accordance with the grant agreement.

12.4 Grant agreement variations
We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your grant agreement. You can request a variation by contacting the department in writing.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

12.5 Compliance visits
We may visit you during or at the completion of your grant activity to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

12.6 Record keeping
We may also inspect the records you are required to keep under the grant agreement.

12.7 Evaluation
We will evaluate the Murray-Darling Basin Economic Development Round 2 grant opportunity to see how well the outcomes and objectives have been achieved. We may use information from your application and reports for this purpose. We may also ask you for more information to help us understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.

We may contact you up to two years after you finish your grant for more information to assist with program evaluation.

12.8 Acknowledgement
If you make a public statement about a grant activity funded under the program, we require you to acknowledge the grant by using the following:

‘This Murray-Darling Basin Economic Development Program project received grant funding from the Australian Government.’

or

‘This project was funded by the Australian Government under the Murray-Darling Basin Economic Development Program.’
13. **Probit**

The Australian Government will make sure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRGs.

These guidelines may be changed by the department. When this happens, the revised guidelines will be published on GrantConnect and the Community Grants Hub websites.

### 13.1 Enquiries and feedback

**Complaints about this grant opportunity**

The Department of Agriculture Client Service Charter applies to complaints about this grant opportunity. All complaints about this grant opportunity, including grant decisions, must be made in writing.

Any questions you have about grant decisions for this grant opportunity should be sent to MDBEDP@agriculture.gov.au

**Complaints about the selection process**

Applicants can contact the complaints service with complaints about the Community Grants Hub’s service(s) or the selection process.

Details of what makes an eligible complaint can be provided by asking the Community Grants Hub. Applicants can use the online complaints form on the Department of Social Services (DSS) website, or contact the DSS Complaints line.

Phone: 1800 634 035

Email: complaints@dss.gov.au

Mail: Complaints

GPO Box 9820

Canberra ACT 2601

**Complaints to the Ombudsman**

If you do not agree with the way the Community Grants Hub or the department has handled your complaint, you may complain to the Commonwealth Ombudsman. The Ombudsman will not usually look into a complaint unless the matter has first been raised directly with the Community Grants Hub or the department.

The Commonwealth Ombudsman can be contacted on:

- Phone (Toll free): 1300 362 072
- Email: ombudsman@ombudsman.gov.au
- Website: www.ombudsman.gov.au

### 13.2 Conflicts of interest

Any conflicts of interest could affect the performance of the grant opportunity or program. There may be a conflict of interest, or perceived conflict of interest, if the Department of Agriculture and Community Grants Hub staff, any member of a committee or advisor and/or you or any of your personnel has a:

- professional, commercial or personal relationship with a party who is able to influence the application selection process, such as an Australian Government officer
relationship with or interest in, an organisation, which is likely to interfere with or restrict the applicants from carrying out the proposed activities fairly and independently.

relationship with, or interest in, an organisation from which they will receive personal gain because the organisation receives a grant under the grant program/grant opportunity.

You will be asked to declare, as part of your application, any perceived or existing conflicts of interests or that, to the best of your knowledge, there is no conflict of interest.

If you later think there is an actual, apparent, or perceived conflict of interest, you must inform the Department of Agriculture and Community Grants Hub in writing immediately.

Conflicts of interest for Australian Government staff will be handled as set out in the Australian Public Service Code of Conduct (Section 13(7)) of the Public Service Act 1999. Selection advisory panel members and other officials including the decision maker must also declare any conflicts of interest.

We publish our conflict of interest policy on the Community Grants Hub website.

13.3 Privacy

We treat your personal information according to the Privacy Act 1988 and the Australian Privacy Principles. This includes letting you know:

- what personal information we collect
- why we collect your personal information
- who we give your personal information to.

Your personal information can only be disclosed to someone else for the primary purpose for which it was collected, unless an exemption applies.

The Australian Government may also use and give out information about grant applicants and grant recipients under this grant opportunity in any other Australian Government business or function. This includes disclosing grant information on GrantConnect as required for reporting purposes and giving information to the Australian Taxation Office for compliance purposes.

We may share the information you give us with other Commonwealth entities for purposes including government administration, research or service delivery, according to Australian laws.

As part of your application, you declare your ability to comply with the Privacy Act 1988 and the Australian Privacy Principles and impose the same privacy obligations on officers, employees, agents and subcontractors that you engage to assist with the activity, in respect of personal information you collect, use, store, or disclose in connection with the activity. Accordingly, you must not do anything, which if done by the Department of Agriculture would breach an Australian Privacy Principle as defined in the Act.

13.4 Confidential information

Other than information available in the public domain, you agree not to give out to any person, other than us, any confidential information relating to the grant application and/or agreement, without our prior written approval. The obligation will not be breached where you are required by law, Parliament or a stock exchange to disclose the relevant information or where the relevant information is publicly available (other than through breach of a confidentiality or non-disclosure obligation).

We may at any time, require you to arrange for you; or your employees, agents or subcontractors to give a written undertaking relating to nondisclosure of our confidential information in a form we consider acceptable.
We will keep any information in connection with the grant agreement confidential to the extent that it meets all of the three conditions below:

1. you clearly identify the information as confidential and explain why we should treat it as confidential
2. the information is commercially sensitive
3. revealing the information would cause unreasonable harm to you or someone else.

We will not be in breach of any confidentiality agreement if the information is disclosed to:

- Commonwealth employees and contractors to help us manage the program effectively
- employees and contractors of our department so we can research, assess, monitor and analyse our programs and activities
- employees and contractors of other Commonwealth agencies for any purposes, including government administration, research or service delivery
- other Commonwealth, state, territory or local government agencies in program reports and consultations
- the Auditor-General, Ombudsman or Privacy Commissioner
- the responsible Minister or Parliamentary Secretary
- a House or a Committee of the Australian Parliament.

The grant agreement may also include any specific requirements about special categories of information collected, created or held under the grant agreement.

13.5 Freedom of information

All documents that the Australian Government has, including those about this grant opportunity, are subject to the Freedom of Information Act 1982 (FOI Act).

The purpose of the FOI Act gives people the ability to get information held by the Australian Government and its organisations. Under the FOI Act, people can ask for documents the Australian Government has. People may not be able to get these documents if these documents need to protect essential public interests and private and business affairs of persons who the information relates to.

All Freedom of Information requests must be referred to the Freedom of Information Coordinator in writing.

14. Consultation

The Murray-Darling Basin Authority was consulted on the design of the program.
## 15. Glossary

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>accountable authority</td>
<td>see subsection 12(2) of the <em>Public Governance, Performance and Accountability Act 2013</em></td>
</tr>
<tr>
<td>administering entity</td>
<td>when an entity that is not responsible for the policy, is responsible for the administration of part or all of the grant administration processes</td>
</tr>
<tr>
<td>assessment criteria</td>
<td>are the specified principles or standards, against which applications will be judged. These criteria are also used to assess the merits of proposals and, in the case of a competitive grant opportunity, to determine application rankings.</td>
</tr>
<tr>
<td>commencement date</td>
<td>the expected start date for the grant activity</td>
</tr>
<tr>
<td>completion date</td>
<td>the expected date that the grant activity must be completed and the grant spent by</td>
</tr>
<tr>
<td>co-sponsoring entity</td>
<td>when two or more entities are responsible for the policy and the appropriation for outcomes associated with it</td>
</tr>
<tr>
<td>Commonwealth entity</td>
<td>a department of state, or a parliamentary department, or a listed entity or a body corporate established by a law of the Commonwealth. See subsections 10(1) and (2) of the PGPA Act</td>
</tr>
<tr>
<td><em>Commonwealth Grants Rules and Guidelines (CGRGs)</em></td>
<td>establish the overarching Commonwealth grants policy framework and articulate the expectations for all non-corporate Commonwealth entities in relation to grants administration. Under this overarching framework, non-corporate Commonwealth entities undertake grants administration based on the mandatory requirements and key principles of grants administration.</td>
</tr>
<tr>
<td>date of effect</td>
<td>can be the date on which a grant agreement is signed or a specified starting date. Where there is no grant agreement, entities must publish information on individual grants as soon as practicable.</td>
</tr>
<tr>
<td>decision maker</td>
<td>the person who makes a decision to award a grant</td>
</tr>
<tr>
<td>eligibility criteria</td>
<td>refer to the mandatory criteria which must be met to qualify for a grant. Assessment criteria may apply in addition to eligibility criteria.</td>
</tr>
<tr>
<td>funding arrangement manager</td>
<td>is the officer responsible for the ongoing management of the grantee and their compliance with the grant agreement.</td>
</tr>
<tr>
<td>Term</td>

</tr>
<tr>
<td>------------------------------------------</td>
<td>---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>grant</strong></td>
<td>for the purposes of the CGRGs, a ‘grant’ is an arrangement for the provision of financial assistance by the Commonwealth or on behalf of the Commonwealth:</td>
</tr>
<tr>
<td></td>
<td>a. under which relevant money(^6) or other Consolidated Revenue Fund (CRF) money(^7) is to be paid to a grantee other than the Commonwealth; and</td>
</tr>
<tr>
<td></td>
<td>b. which is intended to help address one or more of the Australian Government’s policy outcomes while assisting the grantee achieve its objectives.</td>
</tr>
<tr>
<td><strong>grant activity/activities</strong></td>
<td>refers to the project/tasks/services that the grantee is required to undertake</td>
</tr>
<tr>
<td><strong>grant agreement</strong></td>
<td>sets out the relationship between the parties to the agreement, and specifies the details of the grant</td>
</tr>
<tr>
<td><strong>GrantConnect</strong></td>
<td>is the Australian Government’s whole-of-government grants information system, which centralises the publication and reporting of Commonwealth grants in accordance with the CGRGs</td>
</tr>
<tr>
<td><strong>grant opportunity</strong></td>
<td>refers to the specific grant round or process where a Commonwealth grant is made available to potential grantees. Grant opportunities may be open or targeted, and will reflect the relevant grant selection process.</td>
</tr>
<tr>
<td><strong>grant program</strong></td>
<td>a ‘program’ carries its natural meaning and is intended to cover a potentially wide range of related activities aimed at achieving government policy outcomes. A grant program is a group of one or more grant opportunities under a single [entity] Portfolio Budget Statement Program.</td>
</tr>
<tr>
<td><strong>grantee</strong></td>
<td>the individual/organisation which has been selected to receive a grant</td>
</tr>
<tr>
<td><strong>Portfolio Budget Statement (PBS) Program</strong></td>
<td>described within the entity’s Portfolio Budget Statement. PBS programs each link to a single outcome and provide transparency for funding decisions. These high-level PBS programs often comprise a number of lower level, more publicly recognised programs, some of which will be grant Programs. A PBS Program may have more than one grant Program associated with it, and each of these may have one or more grant opportunities.</td>
</tr>
<tr>
<td><strong>selection criteria</strong></td>
<td>comprise eligibility criteria and assessment criteria.</td>
</tr>
</tbody>
