The Our Marine Parks Round One Grant is designed to achieve Australian Government objectives. This grant opportunity is part of the above grant program which contributes to the Department of the Environment and Energy’s Outcome 1.1 Sustainable Management of Natural Resources and the Environment. The Department of the Environment and Energy works with stakeholders to plan and design the grant program according to the Commonwealth Grants Rules and Guidelines 2017 (CGRGs).

The grant opportunity opens

We publish the grant guidelines on GrantConnect and Community Grants Hub websites.

You complete and submit a grant application

You complete the application form and address all of the eligibility and assessment criteria to be considered for a grant.

1.1 Introduction

These guidelines contain information for the Our Marine Parks Round One grants. You must read these guidelines before filling out an application. This document sets out:

- the purpose of the grant opportunity
- the eligibility and assessment criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments

This grant opportunity and process will be administered by the Community Grants Hub on behalf of the Department of the Environment and Energy and the Director of National Parks.

2. About the Fisheries Assistance and User Engagement Package

The Fisheries Assistance and User Engagement Package (the Package), funded through the Department of the Environment and Energy contributes to the Portfolio Budget Statement:

Outcome 1: Conserve, protect and sustainably manage Australia’s biodiversity, ecosystems, environment and heritage through research, information management, supporting natural resource management, establishing and managing Commonwealth protected areas, and reducing and regulating the use of pollutants and hazardous substances.

Five new Australian Marine Park management plans covering 44 Australian Marine Parks came into effect on 1 July 2018. These management plans set out how the Director of National Parks will manage the marine parks over the next 10 years including through zoning arrangements that both protect Australia’s marine environment and support Australia’s world-class sustainable commercial fishing sector.

To assist industries and communities transition to the new management arrangements, the Australian Government has committed $35 million to a Fisheries Assistance and User Engagement Package to provide:

- Fishing Business Assistance grants — assistance to affected commercial fishers with a recent history of fishing in Australian Marine Parks as they adjust their business to the new operating environment
- Our Marine Park grants — to help marine users and industries engage in marine park management
- Vessel Monitoring System Assistance — support to encourage uptake of vessel monitoring systems. This element will be progressed through direct discussion between Parks Australia and fisheries management agencies
- Coral Sea Fishery Licence Buy-out — direct assistance to commercial fishers holding either trawl or trap endorsements in the Commonwealth managed Coral Sea Fishery through a voluntary licence buy-back based on the closure of 99.8 per cent of the fishery to these methods.
The Our Marine Parks Grants will consist of two competitive granting opportunities:

- The first granting opportunity is available to industry level fishing organisations and is the subject of these guidelines.
- The second granting opportunity will be open to a wider range of marine users. These will be outlined in separate guidelines.

These guidelines only:

- relate to the Our Marine Parks Round One granting opportunity. The grant process will be undertaken in accordance with the Commonwealth Grants Rules and Guidelines 2017 (CGRGs).
- apply to the new Australian Marine Park management plans covering the Australian Marine Parks listed in Appendix A.

These guidelines do not apply to:

- Australian Marine Parks in the South-east Marine Parks Network, or the Heard Island and McDonald Islands Marine Reserve
- The Great Barrier Reef Marine Park
- State or Northern Territory marine reserves.

### 2.1 About the Our Marine Parks Grant Round One opportunity

The Our Marine Parks Grants program (the Program) was announced as part of the Fisheries Assistance and User Engagement Package (the Package) on 1 July 2018 to assist industries and communities to transition to the new management arrangements for Australian Marine Parks.

The objective of the grant opportunity is to support the fishing sector to plan for and continue to deliver sustainable fishing and conservation outcomes in the context of Australian Marine Parks. This is to be achieved by funding projects that:

- improve the long-term sustainability of fishing in ways that support the objectives of Australian Marine Parks management plans which are:
  - the protection and conservation of biodiversity and other natural, cultural and heritage values of marine parks
  - ecologically sustainable use and enjoyment of the natural resources within marine parks, where this is consistent with objective above.
- facilitate the engagement of marine park users in activities to support the management of Australian Marine Parks, and
- assist in engaging marine park users in programs that contribute to the knowledge of Australian Marine Parks.

Distribution of funding under the grant opportunity will aim to provide a spread of projects across the invited representative organisations and across the Australian Marine Park networks. Projects are also encouraged to consider financial or in-kind contributions from partners, including state and territory funding and other schemes.

The intended outcomes of the grant opportunity is increased engagement in the management of Australian Marine Parks through high quality projects that deliver both sustainable fishing and conservation outcomes. Having projects delivered by representative organisations will result in the best outcomes for fishers at an industry or fishery scale. It is also intended that the grant
opportunity will assist the fishing sector operate sustainably within Australian Marine Parks, particularly in the context of new management arrangements.

The question period will close at 5:00PM AEDT on 5/3/2019. Following this time, only questions relating to using and/or submitting the application form will be answered.

8. The grant selection process

The Assessment Centre will review your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through a targeted competitive grant process.

If eligible, the selection advisory panel will then assess your application against the assessment criteria (see Section 6) and against other applications and will consider your application on its merits, based on:

- how well it meets the criteria
- how it compares to other applications
- whether it provides value with relevant money.  

When assessing the extent to which the application represents value with relevant money, following will be considered:

- the overall objective/s to be achieved in providing the grant
- the relative value of the grant sought
- extent to which the geographic location of the application matches identified priorities
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives
- Contributions to the project by the applicant or third parties including state or territory funding schemes
- the need for a spread across the invited organisations and across the Australian Marine Park network.

8.1 Financial Viability

Applicants may be subject to a financial viability assessment. The financial viability assessment forms part of the risk mitigation strategy and can include:

- establishing whether relevant persons have any adverse business history (for example current or past bankruptcy)
- assessment of the financial health of an entity.

8.2 Who will assess and select applications?

The selection advisory panel will assess each eligible and compliant application on its merit and compare it to other eligible applications. The selection advisory panel will undertake training to ensure consistent assessment of all applications.

Any expert/advisor, who is not a Commonwealth Official, will be required/expected to perform their duties in accordance with the Commonwealth Grants Rules and Guidelines (CGRGs). The selection advisory panel may include staff the Community Grants Hub and expert advisors from the

---

2 See glossary for an explanation of ‘value with money’.
Australian Fisheries Management Agency or the Department of Agriculture and Water Resources, or other fisheries related experts as determined necessary.

The selection advisory panel may seek additional information about you or your application and this may delay completion of the selection process. They may do this from within the Commonwealth, even if the sources are not nominated by you as referees. The selection advisory panel may also consider information about you or your application that is available through the normal course of business.

The selection advisory panel recommends to the decision maker which applications to approve for a grant.

8.3 Who will approve grants?

The Minister for the Department of the Environment and Energy (the Decision Maker) decides which grants to approve taking into account the recommendations of the selection advisory panel and the availability of grant funds for the purposes of the grant program.

The Decision Maker’s decision is final in all matters, including the:

- approval of the grant
- grant funding amount to be awarded
- terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

We will write to you about the outcome of your application. If you are successful, you will be advised of any specific conditions attached to the grant.

You can submit a new application for the same grant (or a similar grant) in any future grant opportunities under the program, such as Round Two of the Our Marine Parks Grants program. You should include new or more information to address any weaknesses that may have prevented your previous application from being successful.

9.1 Feedback on your application

A Feedback Summary will be published on the Community Grants Hub website to provide all organisations with easy to access information about the grant selection process and the main strengths and areas for improving applications.

Individual feedback will not be provided for this grant opportunity.

9.2 Further grant opportunities

If there are not enough suitable applications to meet the program’s objectives, the Department of the Environment and Energy will fund those projects that are considered value for money and defer any residual funds to the Our Marine Parks Round Two grant opportunity.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We will offer successful applicants a Standard Grant Agreement for this grant opportunity.
Each agreement has general/standard grant conditions that cannot be changed. Sample grant agreements are available on GrantConnect and Community Grants Hub websites as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. You must not start any Our Marine Park Round One Grant activities until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These will be identified in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

**Commonwealth Standard Grant Agreement**

We will use a Commonwealth Standard grant agreement.

You will have twenty (20) business days from the date of a written offer to sign and return this grant agreement. The grant agreement is not considered to be executed until both you and the Commonwealth have signed the agreement). During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

You may request changes to the grant agreement. However, we will review any required changes to these details to ensure they do not impact the grant as approved by the decision maker.

**10.2 How we pay the grant**

The grant agreement will state the:

- maximum grant amount to be paid
- proportion of eligible expenditure covered by the grant (grant percentage)
- any financial contributions you must make
- any in-kind contributions you will make
- any financial contribution provided by a third party

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

We will make payments according to an agreed schedule set out in the grant agreement. Payments are subject to satisfactory progress on the project.

**11. Announcement of grants**

If successful, your grant will be listed on the GrantConnect website 21 calendar days after the date of effect as required by Section 5.3 of the CGRGs.

**12. How we monitor your grant activity**

**12.1 Keeping us informed**

You should let us know if anything is likely to affect your project or organisation.

We need to know of any key changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due.
You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of the terms and conditions under the grant agreement, you must contact us immediately.

You must notify us of events relating to your grant and provide an opportunity for the Minister or their representative to attend.

### 12.2 Reporting

Our Marine Park recipients must have systems in place to meet their data collection and reporting obligations outlined in their grant agreement.

You must submit reports in line with the grant agreement. We will provide sample templates for these reports as appendices in the grant agreement. We will remind you of your reporting obligations before a report is due. We will expect you to report on:

- progress against agreed project milestones and outcomes
- acquittal of expenditure against the budget in the project plan

The amount of detail you provide in your reports should be relative to the size and complexity of the grant and the grant amount.

We will monitor progress by assessing reports you submit and may conduct site visits or request records to confirm details of your reports if necessary. Occasionally we may need to re-examine claims, seek further information or request an independent audit of claims and payments.

**Progress reports**

Progress reports must:

- include evidence of your progress toward completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date
- include evidence of expenditure
- be submitted by the report due date (you can submit reports ahead of time if you have completed relevant activities).

We will only make grant payments when we receive satisfactory progress reports.

You must discuss any reporting delays with us as soon as you become aware of them.

**Ad-hoc reports**

We may ask you for ad-hoc reports on your grant. This may be to provide an update on progress, or any significant delays or difficulties in completing the project.

**Final report**

When you complete the project you must submit a final report.

Final reports must:

- identify if and how outcomes have been achieved
- include the agreed evidence as specified in the grant agreement
• identify the total eligible expenditure incurred
• be submitted within 30 days of completion in the format provided in the grant agreement.

12.3 Audited financial acquittal report
We may ask you to provide an independently audited financial acquittal report. A financial acquittal report will verify that you spent the grant in accordance with the grant agreement.

12.4 Grant agreement variations
We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your grant agreement. You can request a variation by contacting your Funding Arrangement Manager, Community Grants Hub.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

12.5 Compliance visits
We may visit you during or at the completion of your grant activity to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

12.6 Record keeping
We may also inspect the records you are required to keep under the grant agreement.

12.7 Evaluation
The Department proposes to evaluate the outcomes of the Our Marine Parks grant opportunity. Your grant agreement including the activity work plan will require you to provide information to assist with this evaluation.
