1. Community Child Care Fund Round 3 process

The Support for the Child Care System program is designed to achieve Australian Government objectives

This grant opportunity is part of the above grant program that contributes to Department of Education, Skills and Employment's Outcome 1: Improved early learning, schooling, student educational outcomes and transitions to and from school through access to quality child care, support, parent engagement, quality teaching and learning environments. The Department of Education, Skills and Employment works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#).

The grant opportunity opens

We publish the grant guidelines on [GrantConnect](#) and [Community Grants Hub](#) websites.

You complete and submit a grant application

You complete the application form and address all of the eligibility and assessment criteria.

We assess all grant applications

We assess the applications against eligibility criteria and notify you if you are not eligible. If you are eligible, we then assess your eligible application against the assessment criteria including an overall consideration of value for money and compare it to other applications.

We make grant recommendations

We provide advice to the decision maker on the merits of each application.

The decision maker makes grant decisions

The First Assistant Secretary of the Early Learning Policy Division (the decision maker) decides which applications are successful.

We notify you of the outcome

We will advise you of the outcome of your application. We may not notify unsuccessful applicants until we have completed grant agreements with successful applicants.

We enter into a grant agreement

If your application is successful, we will enter into a grant agreement with you using a simple grant agreement. If the grant is complex, we will use the standard grant agreement.

Delivery of grant

You undertake the grant activity as set out in your grant agreement. We manage the grant by working with you, monitoring your progress and making payments.

Evaluation of the Community Child Care Fund

We evaluate your specific grant activity and the Community Child Care Fund as a whole. We base this on information you provide to us and that we collect from various sources.

1.1 Introduction

These guidelines contain information for the Community Child Care Fund (CCCF) Round 3 grants.

You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility and assessment criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

This grant opportunity, selection, and establishment of successful funding agreements will be administered by the Community Grants Hub (the Hub) on behalf of the Department of Education, Skills and Employment (the department).

2. About the grant program

The Child Care Package contains two key components – the Child Care Subsidy (CCS) and the Child Care Safety Net.

The objective of the CCS is to help families participate in the social and economic life of the community by promoting and supporting quality and affordable child care. The objective of the Child Care Safety Net is to give the most vulnerable and disadvantaged children, as well as those from regional and remote communities, a strong start through access to quality early childhood education and care.

The objective of the CCCF, which is part of the Child Care Safety Net, is to support child care services to address barriers to child care participation, particularly targeting disadvantaged and vulnerable families and communities.

The expected outcomes of the CCCF are to:

- improve early childhood development outcomes for vulnerable and disadvantaged children
- increase workforce participation by vulnerable and disadvantaged families.

The CCCF includes four key grant opportunities:

- Open Competitive (this grant opportunity)
- Restricted Non-Competitive
- Connected Beginnings
- Special Circumstances.

The Community Grants Hub administers the program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#).

2.1 About the Community Child Care Fund Open Competitive (CCCF OC) Round 3 grant opportunity

This grant opportunity is for CCCF OC Round 3. It is available to CCS approved early childhood education and care (ECEC) services that meet the eligibility criteria outlined in section 4.

The objective of this grant opportunity is to support the longer-term sustainability of eligible ECEC services operating in, or servicing, disadvantaged and vulnerable communities, particularly those in regional, rural and remote areas.

The intended outcomes of the grant opportunity are:

- child care services operating in disadvantaged and vulnerable communities are able to address (or have increased capacity to address) community level barriers to child care participation
- increased number of children from vulnerable or disadvantaged families and communities accessing child care
- increased sustainability of child care services operating in disadvantaged communities experiencing viability issues, including in areas with fluctuating and/or low short-term demand
- increased availability of child care places in disadvantaged communities with high unmet demand through capital works projects.

This grant opportunity will provide funding under three categories, called program 'elements'. Each element intends to fund a specific type of activity. The elements are (in order of grant funding priority):

- **Sustainability Support:** helping eligible child care services operating in areas of limited supply improve the viability and sustainability of their service.
- **Community Support:** helping eligible child care services to work with other organisations and families to identify and address community level barriers to child care participation. The engagement must ultimately result in increased child care participation.
- **Capital Support:** helping eligible child care services by contributing towards the cost of modifying, renovating, extending or building child care facilities ('capital works'). These capital works must result in more child care places in areas where there is unmet demand.

3. Grant amount and grant period

3.1 Grants available

The Australian Government has approved funding up to approximately \$117.4 million (GST exclusive) for this CCCF OC grant opportunity over three years.

The value of money awarded under this grant opportunity cannot exceed the total funding available. Minimum and maximum grant amounts will apply under this grant opportunity as per the following table.

CCCF Element	Minimum grant funding amount* (GST exclusive)	Maximum grant funding amount* (GST exclusive)	Total value of CCCF grant funding available under this grant opportunity (up to) (GST exclusive)
Sustainability Support	\$2,000	\$200,000	2021-22 \$36.7 million
Community Support	\$5,000	\$100,000	2022-23 \$37.6 million
Capital Support	\$50,000	\$150,000	2023-24 \$43.1 million

* These amounts are per CCCF element, per annum.

The amount and term of funding provided to applicants will be determined on a case-by-case basis, depending on the grant activity, the circumstances of the applicant, and the priorities of the program. The department will offer grant agreements for between one and three years. You may apply for one or more element per service; however, only one application per element per service is allowed (refer to section 7 for more information).

4. Eligibility criteria

We cannot consider your application if you do not satisfy all the eligibility criteria.

4.1 Who is eligible to apply for a grant?

To be eligible for this grant opportunity, at the date of application lodgement, you must be:

- a CCS approved operator of an approved ECEC service
- AND**
- located in, or servicing families from a CCCF priority area **OR**
 - servicing regional, remote or very remote areas **OR**
 - providing specialised child care services to a vulnerable or disadvantaged sector of its community **OR**
 - the operator of the service previously funded under the CCCF Round 1 or 2 Open Competitive processes (to which the application relates).

The provider can apply for funding with respect to a single approved child care service or a number of approved child care services that the approved provider operates (as per section 7).

While both for-profit and not-for-profit services are eligible to apply, funding preference will be given to not-for-profit services. For definitions, please refer to section 15.

Applications from consortia are acceptable, as long as you have a lead applicant who is themselves an eligible provider under the Family Assistance Law. The lead applicant is solely accountable to the Commonwealth for the delivery of grant activities (refer to section 7.2).

4.2 Additional eligibility requirements

All applicants must also meet the additional eligibility requirements for the relevant CCCF element.

Applications for Capital Support

Applicants applying for funding under the Capital Support element must be operating in an area of high unmet demand, that is, an area where there is a shortage of child care places because of higher demand/need for child care places than supply. Proposed activities under this element must result in more child care places. Shortlisted applicants may be requested to provide evidence to demonstrate their eligibility under this requirement.

Applicants applying for funding under the Capital Support element are required to make a capital contribution of at least 50% of the total cost of the project. In-kind contributions may be considered. Applicants may be required to provide letters of support or other forms of evidence to demonstrate their eligibility under this requirement. This requirement may be relaxed or waived in certain circumstances, at the discretion of the department.

Applications for Community Support

There are no additional eligibility requirements for Community Support.

Applications for Sustainability Support

There are no additional eligibility requirements for Sustainability Support.

4.3 Priority areas

The department has identified a list of priority areas that experience particularly high levels of disadvantage compared to most other communities (see [CCCF Priority Areas for Round 3](#)). The CCCF Priority Areas Round 3 list is for CCCF Round 3 applications only. This list is not for use in other CCCF programs at this time.

Applicants may be required to provide evidence in their application to demonstrate their claims in this regard and may be requested to provide additional information by the Selection Advisory Panel.

The department uses the Australian Statistical Geography Standard Statistical Area 2 level mesh block for the purpose of identifying the priority areas. The priority areas list is based on Australian Early Development Census (AEDC) and the Socio-Economic Indexes for Areas (SEIFA) from the Australian Bureau of Statistics.

The following weightings apply to the measures:

- AEDC results – 70%
- SEIFA disadvantage data – 30%

You can find further information on the [SEIFA](#) and [AEDC](#) websites.

4.4 Who is not eligible to apply for a grant?

You are not eligible to apply if you:

- do not meet the eligibility criteria described under sections 4.1 and 4.2
- are already receiving CCCF funding awarded under the 2017 CCCF restricted non-competitive grant opportunity.

You are also not eligible to apply for this grant opportunity if:

- your organisation is listed as one of the institutions on the [National Redress Scheme website](#) that have not joined the Scheme or signified their intent to join the Scheme
- your entity details match any of those listed institutions that have not joined or signified their intent to join the Scheme, your application will be ineligible and will not progress to Assessment.

The list of institutions can be found on the [National Redress Scheme website](#).

4.5 What qualifications, skills or checks are required?

If you are successful, relevant personnel working on activities must maintain the following registration/checks:

- Working with Vulnerable People Registration
- Working with Children Check
- any other requirements for continued CCS approval that may apply from time to time under Family Assistance Law.

5. What the grant money can be used for

5.1 Eligible grant activities

Sustainability Support grants can be used for activities such as:

- implementing changes to business practices and introducing innovative solutions to improve the sustainability and viability of a child care service
- meeting standard child care operating costs during transition to a more sustainable business model
- helping with the costs of providing child care in unviable markets where a service is providing the most effective model of care for the community.

Community Support grants can be used for activities such as:

- linking child care services with relevant local organisations to work together to address community level barriers to child care participation and ultimately deliver increased child care utilisation
- building relationships with vulnerable and disadvantaged families with children who currently do not use child care
- providing transport assistance to facilitate attendance by isolated families
- developing and implementing a community stakeholder engagement plan for a child care service.

Capital Support grants can be used for proposals such as:

- extending or modifying an existing child care centre
- extending or modifying a community centre or other building that will be used for child care
- building a new child care centre.

Any building built, extended or modified using grant funding from the capital works element must be used for the intended purpose for an agreed period (called the 'designated use period'). The

designated use period will be agreed between the department and the applicant and will reflect the level of government funding.

5.2 What the grant money cannot be used for

Grant funding cannot be used to directly generate or contribute to the profit of a child care service.

The following are examples of activities grant funding cannot be used to pay for (this list is not exhaustive):

- costs normally associated with running a child care service (for example, rent, insurances, maintenance, salaries), unless:
 - These costs are being met as part of a transition to a more sustainable business model.
 - The service is the sole provider of child care in an unviable market.
- professional development for individual staff members of a child care service, unless it is part of a strategy to increase family engagement or clearly linked to maintaining viability
- activities not related to the delivery of child care services (for example, environmental sustainability projects)
- purchasing of land
- proposals where capital works have commenced and/or been fully committed to at the time of application
- activities that are already fully funded by another government grants program
- activities that have already occurred, or to re-produce resources that have previously been developed
- the purchase or lease of vehicles not directly linked to the transport of children to and from child care.

You cannot change your application after the closing date and time.

If we find an error or something missing, we may ask for clarification or additional information from you that will not change the nature of your application. However, we can refuse to accept any additional information from you that would change your submission after the application closing time.

You should keep a copy of your application and any supporting documents.

You will receive an automated notification acknowledging the receipt of your application.

7.1 Attachments to the application

The following supporting documents must be attached to your application:

Capital Support

Sustainability Support

- 2019-20 profit and loss statement

You must attach supporting documentation to the application form according to the instructions provided within the application form. You should only attach requested documents. We will not consider information in attachments that we do not request.

Please note: There is a 2MB limit for each attachment.

7.2 Joint (Consortia) applications

We recognise that some organisations may want to join together as a group to deliver grant activities.

In these circumstances, you must appoint a 'lead organisation'. Only the lead organisation can submit the application form and enter into a grant agreement with the Commonwealth. The lead organisation, as well as consortium members, must be an eligible ECEC provider approved under the Family Assistance Law (refer to section 4.1). The application must identify all other members of the proposed group.

You must have a separate formal arrangement in place with all parties prior to execution of the grant agreement (if successful).

7.3 Timing of grant opportunity processes

You must submit an application between the published opening and closing dates.

Late applications

We will not accept late applications unless an applicant has experienced exceptional circumstances that prevent the submission of the application. Broadly, exceptional circumstances are events characterised by one or more of the following:

- reasonably unforeseeable
- beyond the applicant's control
- unable to be managed or resolved within the application period.

Exceptional circumstances will be considered on their merits and in accordance with probity principles.

How to lodge a late application

Applicants seeking to submit a late application will be required to submit a late application request to the Community Grants Hub. The request should include a detailed explanation of the circumstances that prevented the application being submitted prior to the closing time. Where appropriate, supporting evidence can be provided to verify the claim of exceptional circumstances.

The late application request form and instructions for how to submit it can be found on the [Community Grants Hub website](#).

Written requests to lodge a late application will only be accepted within 3 days after the grant opportunity has closed.

The Delegate or their appointed representative² will determine whether a late application will be accepted. The decision of the delegate will be final and not be subject to a review or appeals process.

Once the outcome is determined, the Community Grants Hub will advise the applicant if their request is accepted or declined.

Expected timing for this grant opportunity

If you are successful, you will be expected to start your activity from July 2021 and the expected completion date will be negotiated with each funding recipient.

Table 1: Expected timing for this grant opportunity

Activity	Timeframe
Assessment of applications	6 weeks from the published grant closing date
Notice to successful applicants	4 weeks from finalising the assessment process
Negotiations and award of grant agreements	Up to 6 weeks from notifying successful applicants
Notification to unsuccessful applicants	2 weeks from establishing grant agreements with successful applicants
Earliest start date of grant activity	July 2021
End date of grant activity	Negotiated with each grant recipient

7.4 Questions during the application process

If you have any questions during the application period contact the Community Grants Hub on 1800 020 283 (option 1) or email support@communitygrants.gov.au.

The Community Grants Hub will respond to emailed questions within 5 working days. Answers to questions are posted on the [GrantConnect](#) and [Community Grants Hub](#) websites.

The question period will close at 5:00 PM AEDT on 22 February 2021. Following this time, only questions relating to using and/or submitting the application form will be answered.

² This will be the Department of Education, Skills and Employment delegate or nominated staff member at the EL2 level or above.

8. The grant selection process

8.1 Assessment of grant applications

The Community Grants Hub will review your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process.

If eligible, Community Grants Hub will then assess your application against the assessment criteria (see section 6) and against other applications. The Community Grants Hub will consider your application on its merits, based on:

- how well it meets the criteria
- how it compares to other applications.

A Selection Advisory Panel will consider whether it provides value with relevant money.³

When assessing the extent to which the application represents value with relevant money, the Selection Advisory Panel will have regard to:

- the overall objective(s) to be achieved in providing the grant
- the relative value of the grant sought
- extent to which the geographic location of the application matches identified priorities
- the extent to which the evidence in the application demonstrates that it will contribute to meeting the outcomes/objectives
- how the grant activities will target groups or individuals
- how the services and/or projects will be delivered
- service provider mix
- consideration of provider profit status (refer to section 4.1 and below)
- existing and/or potential market failure
- minimising possible duplication with other Commonwealth/state/territory government programs/service delivery.

The Selection Advisory Panel will consider the profit status of applicants, giving preference to applicants that are not-for-profit over comparable for-profit applicants. From a practical sense, this means that where not-for-profit and for-profit applicants with comparable proposals are similarly scored in the assessment process and are located in the same area, the department will preference funding to the not-for-profit service.

³ See Glossary for an explanation of 'value with money'.

Priority will be given to applicants that fall within the following circumstances (in order):

1. Providing care in one of the CCCF priority areas, or most children cared for are from one of these priority areas, where there is a limited supply of child care available.
2. A sole provider of its Care Type operating in a community located in an Outer Regional, Remote or Very Remote area.
3. A sole provider of a specific/specialised care service essential to a disadvantaged or vulnerable group within a community (i.e. Indigenous-specific service, a service targeting children with additional needs etc).
4. Providing care in one of the CCCF priority areas, or most children cared for are from one of these priority areas, where there is other child care options available.

8.2 Financial viability

Applicants may be subject to a financial viability assessment. The financial viability assessment forms part of the risk mitigation strategy and can include:

- establishing whether relevant persons have any adverse business history (for example current or past bankruptcy)
- assessment of the financial health of an entity
- verification that entities have a legal existence.

8.3 Who will assess and select applications?

The Community Grants Hub will assess each eligible and compliant application on its merit and compare it to other eligible applications. The Community Grants Hub will be made up of Community Grants Hub staff, who will undertake training to ensure consistent assessment of all applications.

The Selection Advisory Panel will be established by the department and may include a mix of employees of the department, experts from the sector, other Commonwealth officers with relevant specialist expertise.

Any expert/advisor, who is not a Commonwealth Official, will be required/expected to perform their duties in accordance with the [CGRGs](#).

The Selection Advisory Panel may seek additional information about you or your application and this may delay completion of the selection process. The additional information may help verify claims made in the application form or determine the relative merit of an application. The Selection Advisory Panel may request information from within the Commonwealth, even if you do not nominate the sources as referees. The Community Grants Hub may also consider information about you or your application that is available through the normal course of business.

The Selection Advisory Panel recommends to the decision maker which applications to approve for a grant.

8.4 Who will approve grants?

The department's First Assistant Secretary of the Early Learning Policy Division (the decision maker) decides which grants to approve taking into account the recommendations of the Selection Advisory Panel and the availability of grant funds for the purposes of the grant program.

The decision maker's decision is final in all matters, including the:

- approval of the grant
- grant funding amount to be awarded
- terms and conditions of the grant.

The decision maker must not approve funding if they reasonably consider the program funding available across financial years will not accommodate the funding offer, and/or the application does not represent value for money.

In making grant decisions, the decision maker may also take into account other considerations such as ensuring families will have equitable access to services and that grants are allocated fairly and consistently in line with the department's and/or Government's funding priorities.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

The Community Grants Hub will write to you about the outcome of your application. If you are successful, you will be advised of any specific conditions attached to the grant.

If an applicant is unsuccessful in the competitive round the department reserves the right to use the application for the purposes of brokering a partnership between applicants or as the basis for further negotiation. This is to maximise project outcomes that may be achieved by collaboration between one or more applicants. This process will only apply where there is significant benefit to the program.

9.1 Feedback on your application

A Feedback Summary will be published on the Community Grants Hub website to provide all organisations with easy access to information about the grant selection process and the main strengths and areas for improving applications.

Individual feedback will not be available.

9.2 Further grant opportunities

The department reserves the right to offer grants to organisations on an ad hoc basis, where special circumstances have been identified (refer to CCCF Special Circumstances Grant Opportunity Guidelines). The department, at its sole discretion, may provide CCCF Special Circumstances funding on a once off, non-ongoing basis.

Any grants awarded under ad hoc or special circumstances arrangements as described, will be subject to a separate set of Grant Opportunity Guidelines, eligibility criteria and funding agreement with its own set of terms and conditions.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth.

We will use a Commonwealth simple grant agreement for this grant opportunity for agreements regarding Community or Sustainability Support. Commonwealth standard grant agreements will be used for any Capital Support grants.

Each agreement has general/standard grant conditions that cannot be changed. Sample grant agreements are available on GrantConnect and Community Grants Hub websites as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These will be identified in the agreement.

We may manage the grant agreement through our Grant Recipient Portal. Accepting the agreement through the Grant Recipient Portal is the equivalent of signing a grant agreement. After you have accepted it, we will execute the agreement. Execute means both you and the Commonwealth have entered into the grant agreement. We will notify you when this happens and a copy of the executed agreement will be available through the portal. The agreement will not become binding until it is executed.

Through the grant agreements, the department will maintain a right to use the grants provided to offset a debt against a provider in respect of the Child Care Subsidy (as per Minister's rules made under section 3(1) – the definition of a *child care service payment* – of the *A New Tax System (Family Assistance) (Administration) Act 1999*).

If you are successful for more than one proposal, you will receive a separate grant agreement for each proposal that receives funding.

If there are unreasonable delays in negotiating a grant agreement, the grant offer may be withdrawn and the grant may be awarded to a different applicant.

Payments will be made according to an agreed schedule set out in the grant agreement. Payment schedules will reflect the nature of the proposal and be linked to the achievement of project milestones and key performance indicators. Release of each payment will depend on your organisation meeting all requirements as specified in the grant agreement.

You must accurately report on the grant activities and the expenditure of the grant, as required in the grant agreement. The grant must be spent and acquitted by the grant agreement completion date unless otherwise agreed with the department.

The department may vary or extend grant agreements in some circumstances where permissible under the terms and conditions of the agreement, and where agreed by both parties.

You should not make financial commitments in expectation of receiving the grant until an agreement has been signed by the Commonwealth.

You may start your project from the date that the department notifies you that your application is successful. If you choose to start your project before you enter into a grant agreement with the Commonwealth, you do so at your own risk.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

10.2 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the Commonwealth Child Safe Framework (CCSF).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause is likely to be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.

A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

The successful applicant will be required to comply with all child safety obligations included in the grant agreement published with this grant opportunity or notified to the successful applicant prior to execution of the grant agreement. Irrespective of the child safety obligations in the grant agreement you must always comply with your state and territory legislative requirements for working with children and mandatory reporting.

10.3 Multicultural access and equity

The Australian Government's *Multicultural Access and Equity Policy* obliges Australian Government agencies to ensure their policies, programs and services – including those provided by contractors and service delivery partners – are accessible to, and deliver equitable outcomes for, people from culturally and linguistically diverse (CALD) backgrounds.

Grant applicants should consider how they will ensure their services will be accessible to people from CALD backgrounds. For example, service delivery partners may require cultural competency skills. In addition, services, projects, activities or events may require the use of professional translating or interpreting services in order to communicate with clients who have limited English proficiency. Based on an assessment of the client target group, costs for translating and interpreting services should be factored into grant applications.

10.4 How we pay the grant

The grant agreement will state the:

- maximum grant amount to be paid
- ratio of costs covered by the grant (in the case of capital support)
- schedule of payments
- reporting requirements.

We will make payments according to an agreed schedule set out in the grant agreement. Payments are subject to satisfactory progress on the grant activity.

10.5 Grant Payments and GST

If you are registered for the [Goods and Services Tax \(GST\)](#), where applicable, we will add GST to your grant payment and issue you with a [Recipient Created Tax Invoice](#).

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on your particular taxation circumstances.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

12.5 Compliance visits

We may visit you during or at the completion of your grant activity to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

12.6 Record keeping

We may also inspect the records you are required to keep under the grant agreement.

We will evaluate the CCCF to see how well the outcomes and objectives have been achieved. We may use information from your application and reports for this purpose.
