1. Building Excellence in Support and Training (BEST): grant opportunity processes

The Building Excellence in Support and Training (BEST) program is designed to achieve Australian Government objectives

This grant opportunity is part of the above grant program which contributes to the Department of Veterans' Affairs (DVA) Outcome 1.4 - Assistance and Other Compensation for Veterans and Dependents. The Department of Veterans' Affairs works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#).

The grant opportunity opens

We publish the grant guidelines on [GrantConnect](#) and [Community Grants Hub](#) websites.

You complete and submit a grant application

You complete the application form and address all of the eligibility to be considered for a grant.

We assess all grant applications

We assess the applications against eligibility criteria and notify you if you are not eligible. If you are eligible, we then assess your eligible application and overall consideration of value with money.

We make grant recommendations

We provide advice, through the Selection Advisory Panel to the decision maker on the merits of each application.

Grant decisions are made

The decision maker decides which applications are successful.

We notify you of the outcome

We advise you of the outcome of your application. We may not notify unsuccessful applicants until grant agreements have been executed with successful applicants.

We enter into a grant agreement

We enter into a grant agreement with you if successful. The type of grant agreement is based on the nature or complexity of the grant and will be proportional to the risks involved.

Delivery of grant

You undertake the grant activity as set out in your grant agreement. We manage the grant by working with you, monitoring your progress and making payments.

Evaluation of the Building Excellence in Support and Training (BEST) program

We evaluate your specific grant activity and the Building Excellence in Support and Training (BEST) program as a whole. We base this on information you provide us and that we collect from various sources.

1.1 Introduction

These guidelines contain information for the Building Excellence in Support and Training (BEST) program.

You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

This grant opportunity and process will be administered by the Community Grants Hub on behalf of the Department of Veterans' Affairs.

2. About the grant program

The Building Excellence in Support and Training (BEST) program forms part of the Government's commitment to support the role of ex-service organisation (ESO) pension and welfare practitioners and advocates, who provide advice and assistance to the veteran and defence communities. It also links closely to the [Advocacy Training and Development Program \(ATDP\)](#), which provides the essential skills for claims, advocacy and welfare work.

The program will run over one year in the 2019-20 financial year.

The program is funded through the Department of Veterans' Affairs' Outcome 1.4 - Assistance and Other Compensation for Veterans and Dependants program, and the Payments to Ex-Service Organisations (ESOs) sub-program.

The Program is intended to assist the veteran and defence communities by providing support and resources to ESO practitioners for pensions, advocacy and/or welfare work. It assists ESOs by providing a contribution to the work of these practitioners. It does not fully fund an organisation.

Grants under this grant opportunity must assist in meeting the objectives and outcomes of the program.

The objectives of the program are to assist ESOs to:

- improve the quality of claims received by DVA at the primary determining level
- reduce the rate of appeals to the Veterans' Review Board (VRB) and the Administrative Appeals Tribunal (AAT)
- promote the provision of welfare services to the veteran and defence community.

The intended outcomes of the program are to ensure:

- the veteran and defence communities are able to benefit from having better informed ESO practitioners who can ensure claims lodged with DVA are of a high standard and contain all required information to enable timely and quality decisions
- ESO practitioners will assist in improving claims assessment efficiency
- the veteran and defence communities will have access to appropriate compensation and welfare advocacy services.

The Community Grants Hub administers the program according to the [Commonwealth Grants Rules and Guidelines 2017](#) (CGRGs).

3. Grant amount and grant period

3.1 Grants available

The Australian Government has announced a total of \$4.115 million GST exclusive for the 2019-20 financial year for the Building Excellence in Support and Training (BEST) program.

The grant amount available for each organisation will be determined on the basis of the total funds available and the workload information provided in your application (see Section 7.2 for more information).

3.2 Grant period

The maximum grant period is one year.

4. Eligibility criteria

4.1 Who is eligible to apply for a grant?

To be eligible you must be an incorporated and bona fide ESO.

For the purposes of BEST grants, a bona fide ESO is considered to be an organisation:

- whose membership consists primarily of veterans, past and present members of the Australian Defence Force (ADF) and/or their dependants
- which is established primarily to provide pensions, advocacy and/or welfare assistance to veterans, past and present members of the ADF and/or their dependants
- which does not operate as a business or charge any fee for acting on behalf of the veterans, past and present members of the ADF and/or their dependants in the provision of claims or welfare services.

The Hub assesses your application against the eligibility criteria. Only eligible applications will move to the next stage. To be considered for a grant, you must meet the following criteria:

- the organisational eligibility criteria
- the amount requested must be for eligible grant activities and items as outlined at Sections 5.1, 5.2 and Appendix A
- all identified workload is undertaken by practitioners with up-to-date Training and Information Program (TIP) / ATDP training
- all previous grants have been acquitted (if applicable).

To be eligible, an ESO must be one of the following entity types as stated in the dropdown list in the application form:

- Company¹
- Cooperative
- Corporate State or Territory Entity

¹ Company is a company incorporated under the *Corporations Act 2001* (Cth)

- Indigenous Corporation
- Incorporated Association
- Partnership²
- Statutory Entity
- Trustee on behalf of a Trust³

ESOs can choose to apply as one of two applicant types:

1) An ESO applying in their own right for funding for their own organisation.

Trustees must also be an eligible entity as per the list above.

2) An ESO applying for funding as a sponsor on behalf of one or more ESOs that may or may not be incorporated.

Whether or not an ESO meets the eligibility criteria to apply for funding in their own right, another ESO may apply as a sponsor on their behalf. Funding is managed by the sponsor but any recommended grant amount will be assessed on the basis of the sponsored organisation's activity as provided in the application. A sponsor may apply on behalf of more than one ESO.

To be eligible, a sponsoring ESO must be one of the eligible entity types listed above.

Responsibilities of a sponsor

The sponsor's responsibilities are to:

- bear executive management responsibility and be accountable to the DVA for the appropriate use of grant funds by the sponsored organisation in accordance with the terms of the grant
- take responsibility for the receipt and distribution of grant funds
- take responsibility for the collection, collation and provision of all audit, reporting and acquittal documentation for the grant.

The sponsoring applicant must submit a separate grant application for each sponsored organisation.

4.2 Additional eligibility requirements

We cannot fund applications from an organisation that has outstanding acquittals for any previous Building Excellence in Support Training (BEST) funding.

4.3 Who is not eligible to apply for a grant?

You are not eligible to apply if you:

- are not incorporated
- are not a bona fide ESO
- are not an eligible entity as per the list above

² Partnership – the individual partners will enter into the Agreement with the agency. A Partnership Agreement or a list of all individual partners of the partnership may be requested.

³ Trusts are not legal entities in their own right – to be eligible, only the Trustee for the Trust can apply by providing the signed Trust Deed and any subsequent variations with the application form.

- receive funding from another government source for the same purpose as the project proposed under this grant opportunity. ⁴

You are also not eligible to apply if you are:

- Corporate Commonwealth Entity
- Non-Corporate Commonwealth Entity
- Non-Corporate Commonwealth Statutory Authority
- Commonwealth Company
- Non-corporate State or Territory Entity
- Non-corporate State or Territory Statutory Authority
- Local Government⁵
- International Entity
- Sole Trader
- Person⁶
- Unincorporated Association

5. What the grant money can be used for

5.1 Eligible grant activities

The program funding is available to support the work of military compensation and welfare advocates, and administrative assistants supporting that work.

Military Compensation Advocates

A military compensation advocate assists veteran and defence community members and their dependants to prepare and lodge compensation and benefits claims with the DVA.

Advocates must either obtain and maintain appropriate levels of training under the ATDP, or have already completed appropriate training through the previous TIP. They must also be accredited by their ESO.

Military compensation advocates with higher level training may also be involved in preparing cases for review before the VRB and/or the AAT.

Welfare Advocate

A welfare advocate provides veteran and defence community members with information on, and assists with, access to health, housing and other community services and benefits. A welfare advocate officer must also obtain and maintain appropriate levels of training under the ATDP or have previous qualifications under TIP and be accredited by their ESO.

ESOs requesting a BEST grant must provide workload statistics for paid and volunteer advocates for the previous calendar year. These workload statistics provide the basis for calculating grant offers.

⁴ You may be contacted to provide further information on any items funded for the same purpose as the project proposed under this granting opportunity.

⁵ Includes New South Wales local governments created as Body Politics

⁶ A person is a natural person, an individual, a human being.

Administrative Assistant

An administrative assistant provides general secretarial and administrative assistance and/or office management services to support the work of compensation and welfare advocates.

5.2 Eligible expenditure

You can only spend the grant on eligible expenditure you have incurred on eligible grant activities. Further detail is provided at Appendix A.

Grant assistance is available for two categories of expenses incurred by ESOs undertaking compensation and welfare work:

- salary assistance
- equipment and administrative expenses assistance.

These categories are outlined below:

Salary Assistance

BEST salary assistance is provided as a contribution to the salary of full-time and part-time military compensation advocates who help you with claims for compensation or benefits. Salary assistance is also available as a contribution to the salary of administrative officers who support advocates undertaking military compensation work.

Military compensation work consists of the following claim types:

- primary level DVA pension claims
- successful *Veterans' Entitlement Act* Section 31 Review applications
- review applications to the VRB
- reconsiderations under the *Safety Rehabilitation and Compensation Act* (SRCA) or the *Military Rehabilitation and Compensation Act* (MRCA)
- appeals to the AAT.

Each ESO is responsible for determining how it remunerates its paid practitioners.

Equipment and Administrative Expense Assistance

BEST administrative expense grants are provided to assist with the purchase, and ongoing expense, of capital equipment, office consumables and local travel (calculate local travel by multiplying total local kilometres travelled by 35.5c).

Unlike salary assistance, grants to support administrative expenses are available for items supporting compensation and/or welfare work. Grants for these items will therefore be calculated based on an organisation's compensation AND welfare workload.

Eligible Equipment Items

BEST funding is available as a contribution to expenses which can be shown to be directly related to the support required by pension and welfare practitioners and advocates in providing advice to the veteran and defence communities.

Examples of expenses that would be eligible for BEST funding include:

- answering machines, bookcases, brochure holders, chairs, tables
- filing cabinets, compactus
- computer hardware, scanners, tablets, appropriate computer software

- white boards, printing and printer supplies.

For further guidance on eligible expenditure, see Appendix A.

For more information on eligible and ineligible expenditure, see Appendix A. We may update the guidelines on eligible and ineligible expenditure from time to time. If your application is successful, the version in place when your grant agreement takes effect will be the version that applies to your project.

5.3 What the grant money cannot be used for

You cannot use the grant for employee on-costs such as superannuation, leave entitlements, redundancy payments or other salary related expenses.

Sponsoring organisations must pass on the full value of the grant to the sponsored organisation.

Administrative expenses which would not be eligible for funding include:

- honoraria
- utility costs covering electricity, gas, water, etc.
- the cost of leasing premises (including rent) or purchase of property
- council rates
- office expenses and fees including insurance, advertising expenses, audit fees and bank fees
- any travel costs beyond the local district where the organisation operates or has its usual place of business
- legal consultation costs, including litigation
- air conditioning units, televisions or refrigerators.

Further detail is provided at Appendix A.

- unable to be managed or resolved within the application period.

Exceptional circumstances will be considered on their merits and in accordance with probity principles.

How to lodge a late application

You seeking to submit a late application will be required to submit a late application request to the Community Grants Hub via support@communitygrants.gov.au.

The request should include a detailed explanation of the circumstances that prevented the application being submitted prior to the closing time. Where appropriate, supporting evidence can be provided to verify the claim of exceptional circumstances.

Written requests to lodge a late application will only be accepted within three days after the grant opportunity has closed.

The Delegate or their appointed representative^[1] will determine whether a late application will be accepted. The decision of the delegate will be final and not be subject to a review or appeals process.

Once the outcome is determined, the Community Grants Hub will advise you if their request is accepted or declined.

7. The grant selection process

7.1 Assessment of grant applications

The Assessment Centre will review your application against the eligibility criteria. Only eligible applications will move to the next stage. Eligible applications will be considered through a targeted non-competitive grant process. If eligible, we will consider your application on its merits.

There is **one (1)** BEST funding round each year.

Grants are not guaranteed in any year. An ESO should not consider that any funding received is ongoing or indicates a likely outcome for subsequent applications. All applicants must reapply for funding in each funding round.

The grant amount offered to each eligible applicant will be calculated using a formula which has been determined in conjunction with the ESO community, through the ESO Round Table (ESORT).

This formula is applied uniformly to all eligible applicants. As long as an organisation meets the eligibility criteria they will be considered for a grant.

The formula takes into account:

- the amount of salary and administrative grant funding requested
- compensation and welfare workload information provided in the completed grant application
- the total amount of funding available for the grant funding round
- the total number of eligible applicants.

7.2 Grant calculation

The grant amount offered to eligible applicants is calculated based on:

- an applicant's requested grant amount and workload information provided in the completed grant application
- the total amount of funding available
- the BEST grant calculation formula.

A comparative analysis is made of all eligible applications and grant offers determined by applying the grant calculation formula to each applicant's workload statistics.

The formula calculates each organisation's workload as a percentage of the work undertaken nationally in the previous calendar year. This percentage is then applied to the available BEST monies to calculate each eligible applicant's grant offer.

As the formula is based on workload, it provides a transparent, equitable, and repeatable way to calculate grants. The formula is reviewed on a regular basis in conjunction with relevant

stakeholders to ensure that the funding provided continues to meet the needs of ESOs and the veteran and defence communities as well as aligning with overall government objectives.

The workload formula and how it is applied is explained in detail at Appendix B.

7.3 Who will assess and select applications?

The Assessment Centre will assess each eligible and compliant application on its merit. The Assessment Centre will be made up of Community Grants Hub staff, who will undertake training to ensure consistent assessment of all applications.

Any expert/advisor, who is not a Commonwealth Official, will be required/expected to perform their duties in accordance with the CGRGs.

The Selection Advisory Panel may seek additional information about you or your application and this may delay completion of the selection process. They may do this from within the Commonwealth, even if the sources are not nominated by you as referees. The Assessment Centre may also consider information about you or your application that is available through the normal course of business.

The Selection Advisory Panel will make recommendations in regards to:

- overall objectives for the program
- conformance with eligibility criteria
- outcome of the application of the grant calculation formula.

The Selection Advisory Panel recommends to the decision maker which applications to approve for a grant.

7.4 Who will approve grants?

The Minister for Veterans' Affairs (the decision maker) decides which grants to approve based on the recommendations of the Selection Advisory Panel and the availability of grant funds for the purposes of the grant program.

The decision maker's decision is final in all matters, including the:

- approval of the grant
- grant funding amount to be awarded
- terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

As the overall amount applied for is often in excess of the available grant funds, the calculation formula may result in some applications being approved for a reduced amount.

8. Notification of application outcomes

We will write to you about the outcome of your application. If you are successful, you are advised of any specific conditions attached to the grant.

8.1 Feedback on your application

A feedback summary will be published on the Community Grants Hub website to provide all organisations with easy to access to information about the grant selection process and the main strengths and areas for improving applications.

Individual feedback will be available if requested by the applicant. The process for requesting individual feedback will be included in the letter advising of the outcome of your application.

9. Successful grant applications

9.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We will offer successful applicants a Letter of Agreement or a Commonwealth Simple Grant Agreement for this grant opportunity.

We have introduced streamlined grant agreements and grantee obligations to reduce the administrative impost on grantees.

We use two types of grant agreements for this grant opportunity. Our selection will depend on the associated risks and complexity of your project.

Each agreement has general/standard grant conditions that cannot be changed. Sample grant agreements are available on GrantConnect and Community Grants Hub websites as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. You must not start any BEST activities until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These are identified in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

Letter of Agreement

This grant agreement comprises the Letter of Agreement and the corresponding grant conditions if applicable.

We will send you a Letter of Agreement providing you with an offer. You accept the offer by signing and returning the Letter of Agreement to us by the date stipulated in the Letter of Agreement. We consider the Agreement to be executed from the date the grant agreement has been signed by both parties.

Commonwealth Simple Grant Agreement

You will have twenty (20) business days from the date of a written offer to sign and return this grant agreement. The agreement is not considered to be executed until both you and the Commonwealth have signed the agreement. During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

The agreement will also note that:

- funds cannot be used for purposes other than those specified in the agreement
- unspent funds must be returned to the DVA within a reasonable time and in line with the set acquittal period for expending grant funds
- you must ensure they have professional indemnity insurance available through the Veterans' Indemnity and Training Association Inc. (VITA), or a similar insurance provider and

- the grantee should ensure that practitioners in its organisation and organisations it may be sponsoring will:
 - undertake the appropriate levels of ATDP training and
 - abide by the ATDP Code of Conduct.

9.2 Specific legislation, policies and industry standards

Whilst you are required to be compliant with all relevant laws and regulations, you will be requested to demonstrate compliance with the industry standard requiring all advocates to be provided with professional indemnity insurance cover:

The Veterans' Indemnity and Training Association has advised that they will not offer professional indemnity insurance for TIP trained advocates who have not undertaken ATDP Recognition of Prior Learning, before 30 June 2019 for Level 1 and 2 advocates, and before 31 December 2021 for Levels 3 and 4 advocates.

Therefore, to be eligible for a grant, you must declare in your application if you comply with these requirements. In particular, you will be asked to provide advice about how advocates operating with your organisation will receive professional indemnity insurance cover. You may need to declare you can meet these requirements in your grant agreement with the Commonwealth.

9.3 How we pay the grant

The grant agreement will state the maximum grant amount to be paid.

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

The grant agreement will state the timing of the payment.

We may pay 100 percent of the grant on execution of the grant agreement. You may be required to report how you spent the grant funds at the completion of the project/services.

Alternatively, we may make payments according to an agreed schedule set out in the grant agreement. Payments may be subject to satisfactory progress on the project/services.

9.4 Grant payments and GST

The Australian Taxation Office (ATO) advises that DVA grants are considered a Financial Assistance Payment and so they are not subject to GST. In accordance with that advice:

Organisations registered for GST

- are required to calculate the GST-exclusive component of the cost of any item or service purchased for their proposed project
- provide the final total GST exclusive amount in their grant application
- can claim an input tax credit through their BAS Statement to the ATO, for the GST component of purchased items or services.

Organisations NOT registered for GST

- are not able to request an input tax credit from the ATO for the GST component of purchased items or services
- are required to provide the final GST inclusive amount in their grant application.

If you have any queries in relation to the transactions you enter into with third parties as a result of a grant received under the BEST program, you may wish to speak with the ATO or your financial

advisor about the effect of receiving a grant before you enter into a grant agreement. You can also visit the Australian Taxation Office website for more information.

Please Note: If you are sponsoring an organisation that is registered for GST, provide the GST exclusive amounts for requested expenditure. If you are sponsoring an organisation that is not registered for GST, please provide the GST inclusive amounts.

10. Announcement of grants

If successful, your grant will be listed on the GrantConnect website 21 calendar days after the date of effect as required by Section 5.3 of the [CGRGs](#).

11. How we monitor your grant activity

You must ensure that all BEST funded equipment is:

- used primarily for pensions and/or welfare work
- secured in a suitable and safe manner
- configured to ensure the confidentiality of any client information or files stored on or in that equipment
- insured by the grantee
- listed on an equipment register which is available to the DVA on request.

After the grant period, any capital equipment purchased under the funding agreement belongs to the ESO. The ESO is responsible for this equipment, any ancillary operational costs, and any ongoing costs or repairs to that equipment.

You will also be responsible for:

- meeting the terms and conditions of the grant agreement and managing the activity efficiently and effectively
- complying with record keeping, reporting and acquittal requirements as set out in the grant agreement
- participating in any grant program evaluation where specified in the grant agreement.

11.1 Keeping us informed

You should let us know if anything is likely to affect your project or organisation.

We need to know of any changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due because of these changes.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of the terms and conditions under the grant agreement, you must contact us immediately.

11.2 Reporting

BEST grants funding may be issued under a Letter of Agreement or a Commonwealth Simple Grant Agreement.

When we use a Commonwealth Simple Grant Agreement, you must submit reports in line with the grant agreement. You may be required to report on:

- progress against agreed project
- expenditure of the grant

The amount of detail you provide in your reports should be relative to the size and complexity of the grant and the grant amount.

Other Reports

Any reports you are required to provide will be outlined in your grant agreement. You may be required to provide an expenditure report in regard to an initial payment and/or a final report at the end of the grant agreement period

Other Reports - Expenditure Report

You may be required to provide an expenditure report. An expenditure report must include evidence that the amount of the grant received to date has been spent in accordance with the grant project.

Where payments are made on an agreed schedule, we will only make grant payments when we receive satisfactory expenditure reports.

You must discuss any reporting delays with us as soon as you become aware of them.

Other Reports - Final Report

Final reports may require you to:

- include evidence of your completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date
- be submitted by the report due date.

You must tell us of any reporting delays with us as soon as you become aware of them.

11.3 Financial declaration or Non-audited financial acquittal

Depending on the grant agreement in place, we may ask you to provide a declaration that the grant money was spent in accordance with the grant agreement and to report on any underspends of the grant money.

Appendix B: Explanation of the BEST grant calculation formula

Summary of the funding formula used to calculate grants

A formula is used to calculate BEST grants. The formula is based on the compensation and welfare work that an organisation has undertaken in the most recent calendar year. The formula has been developed to provide a more transparent, equitable, and repeatable way to calculate grants.

In consultation with the ex-service community, this formula is reviewed following each funding round to ensure that it most effectively meet the aims and objectives of the ESO community and the BEST program.

Principles underpinning the formula

Each applicant's recommended grant is based on the volume and complexity of the work it has done as a percentage of the total amount of work undertaken nationally by all applicants.

A maximum of 60% of available BEST funds are allocated to meet applications for salary funds, with the remaining 40% allocated to claims for administrative funds.

An organisation's entire contribution to assisting the veteran community is recognised by taking into account the work done by both paid and volunteer officers.

Grants to support salary are only available for practitioners providing, and supporting, compensation advocacy. Only workload directly related to claims and appeals will be used in the calculation of these salary grants.

Grants for administrative costs (computer equipment, travel costs etc.) will be available for items supporting both compensation AND welfare work. Grants for these items will therefore be calculated based on an organisation's compensation AND welfare workload.

An amount of supplementary administrative funding, up to \$200,000 will be available for eligible organisations whose workload is overwhelmingly welfare based and/or who received welfare salary support in BEST Round 14.

Regardless of workload, an organisation cannot receive a grant in excess of the amount requested for either salary or administrative costs.

Workload ratings

The differences in the complexity of certain types of work, and the variations in the time that needs to be spent on these, is represented by a rating for each relevant type of work. These ratings are as follows:

Type of Work	Workload Rating	Measure Type
Welfare Hour	0.50	Welfare Work
S/DRCA primary claim	1.0	Compensation Work
VEA primary claim (includes single or multiple conditions)	2.0	
MRCA primary claim (includes single or multiple conditions)	3.0	

Multi-Act claims (must include MRCA and cannot also be counted as a MRCA, DRCA or VEA claim)	4.0
Successful VEA S31 claim (includes single or multiple conditions)	2.0
S/DRCA S62 claims	3.0
MRCA Internal Reviews	3.0
VRB Appeals	15.0
AAT Appeals	20.0
Service Pensions	3.0
Applications For Increase (AFI)	1.0

An organisation must undertake at least a minimum amount of work (a workload rating of 30) to be eligible to be offered a grant.

Grant calculation

The recommended amount of an organisation's salary and administrative grant is determined by calculating, in the following order:

- separate workload totals for compensation and welfare activity for each applicant, by multiplying the amount of each type of work done with the workload rating for that type of work
- a total national workload figure for salaries by combining all the individual compensation workloads and a total national workload for administrative support by adding the total welfare workloads to the total compensation workload
- each applicant's percentage of the national total workload for both salaries and administrative support
- the organisation's maximum grant amount by applying this percentage to the available national funds for that grant component (salary or administrative)
- where an organisation has requested less than its maximum grant, excess funds are reallocated across the remaining organisations, this process may need to be repeated a number of times until all funds have been allocated.
