1.1 Role of the Community Grants Hub

This grant opportunity will be administered by the Community Grants Hub on behalf of the Attorney-General's Department and Department of Social Services under a Whole-of-Australian Government initiative to streamline grant processes across agencies.

1.2 About the grant program

Regional Family Dispute Resolution (RFDR) services are delivered as part of the Department of Social Services (DSS) Family Law Services Sub-Activity, under the Families and Children Activity, Families and Communities Program.

The Family Law Services Sub-Activity is the policy responsibility of the Attorney-General's Department (AGD), funded from the AGD-administered Family Relationship Services Program (FRSP). The objective of the FRSP is to improve the wellbeing of Australian families, particularly families with children who are at risk of separating or have separated.

The legal basis for the Commonwealth Government providing funding for this grant activity under the FRSP is the *Financial Framework (Supplementary Powers) Act 1997*.

Family Law Services must be child focused and should have an early intervention and prevention focus to work with families early in the life of the presenting issues. Services aim to provide alternatives to formal legal processes for families who are separated, separating or in dispute to improve their relationships and make arrangements in the best interests of their children.

Family Law Services have a particular role in helping families with complex needs, including those with family violence issues.

All Family Law Services must provide integrated services as part of the family law system and work in collaboration with other services and the community. These include specialist family violence, drug and alcohol, and legal services. A collaborative service system helps to ensure that:

- families are provided with the information and support they need about service options, including from other services, sectors and jurisdictions
- families are actively connected through appropriate referrals to services and supports, as early as possible
- children and families at risk of harm receive a timely and well-coordinated response from those who can help keep them safe.

The Family Law Services Sub-Activity has a number of components:

- Regional Family Dispute Resolution (this grant opportunity)
- Family Dispute Resolution
- Family Relationship Centres
- Children's Contact Services
- Supporting Children after Separation Program
- Parenting Orders Program – Post Separation Co-operative Parenting Services
- Family Law Counselling
- Family Relationship Advice Line.

This grant opportunity is for the provision of funding to deliver the RFDR services through new five year grant agreements, following the expiration of the current grant agreements.

The Community Grants Hub administers the program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#).

1.3 About the Grant Opportunity

These guidelines contain information for the RFDR grants.

This document sets out:

- the purpose of the grant opportunity
- the eligibility and assessment criteria
- how to apply for the grant opportunity
- how grant applications are checked and assessed
- responsibilities and expectations in relation to the opportunity.

You must read this document before completing an application.

1.4 Grant Opportunity objectives and outcomes

RFDR services are designed to meet the particular needs of regional communities, providing a range of services to help separating families resolve disputes and reach agreement on parenting arrangements and property. These services provide dispute resolution, education, information and counselling. The objectives of the grant opportunity are to:

- assist separating families resolve disputes relating to separation and divorce and improve their post-separation relationships
- improve people's management of issues relating to separation.

RFDR services provide early resolution of parenting arrangements post separation, ensuring the safety of parties where violence is disclosed, and that agreements are in the best interests of the children involved. Services include:

- intake and assessment to ascertain whether a couple can resolve their dispute, or if there are issues such as family violence or child abuse
- information about family relationships, children's needs and options for resolving family law disputes
- education including post-separation parenting programs
- counselling
- referral to other services that can assist with family relationship and separation issues
- joint family dispute resolution to help families to agree on parenting arrangements following separation
- property mediation.

1.4.1 Fees for services

RFDR services must have a fees policy in place and charge fees based on a client's capacity to pay.

2. Grant amount

A total of \$30,188,941.68 over five years is available for this grant opportunity, starting on 1 July 2019 and finishing on 30 June 2024.

Social and Community Services (SACS) supplementation

RFDR grant recipients may be eligible to receive SACS supplementation. Further information is available on the [Department of Social Services](#) website.

SACS supplementation ceases on 30 June 2021.

3. Grant eligibility criteria

We cannot consider your application if it does not meet **all** the eligibility criteria.

3.1 Who is eligible to apply for a grant?

To be eligible to apply, you must be one of the organisations listed below and have received an invitation to apply through GrantConnect for this grant opportunity.

The Australian Law Reform Commission is currently conducting a significant review of the family law system that may result in reforms involving the family law services funded under the FRSP. Based on previous experience in implementing the 2006 family law reforms, any potential reform to the family law service system is likely to be implemented in stages and may take a number of years to complete. While preparing for possible reforms, it is desirable to maintain consistency and stability across the family law service sector. For this reason, organisations that are currently delivering family law services are being invited to apply to deliver services within their existing service delivery catchment areas. These organisations currently deliver effective, professional and high quality RFDR services and have been successfully providing these services over many years.

These organisations are known to have the necessary expertise and staffing levels, suitable accommodation, an existing client base, well-developed community-based referral networks, and a local knowledge of the target community. It is therefore considered appropriate that they are invited to continue to deliver these services over the next five-year funding period.

As a provider of family law services, organisations face ongoing staffing pressures, including the recruitment and retention of appropriately qualified and skilled staff. Employment obligations also include providing staff with regular professional supervision and training so as to ensure the service continues to be well-equipped to provide the necessary professional support to potentially vulnerable and at-risk individuals.

It is also crucial that these services have developed well-established collaborative relationships with local services so as to ensure clients are referred to other appropriate support services, depending on their particular presenting needs. Family law services must build and maintain a strong reputation within their local community as well as developing a client base built on trust, professionalism and reliability. This is not only dependent on the accessibility of the service, but also on client word-of-mouth and referrals from other local services.

While some clients may only require a one off intervention, many will require longer-term ongoing support. Consistent and reliable services can be critical for these clients. A change in service provider may not only interrupt a client's access to continued services but may even cause them harm if they are particularly vulnerable and at-risk.

Organisations invest significant time and expense in finding and fitting-out premises that have specific safety and operational features. The existing service providers have already established suitable premises that meet the specific requirements of delivering a family law service.

The invited organisations have each demonstrated their ability and professional expertise to deliver the RFDR services through their current grant agreements.

This closed-non-competitive approach would provide the greatest value for money for the Commonwealth and best promote the safety and wellbeing of clients by drawing from the existing time and resource investment already made by these current service providers while awaiting the outcomes of the ALRC review.

Eligible applications will be considered through a closed non-competitive grant process. This means the Attorney-General's Department and the Department of Social Services have identified suitable organisations and will invite them to apply.

We will then assess your application against the assessment criteria set out below. Your application will be considered on its merits, based on how well it meets the criteria.

6. The assessment criteria

You must address the following assessment criterion in the application.

Criterion 1

Provide a description of how your organisation will deliver RFDR services in accordance with the requirements of the grant.

A preferred response will:

- Provide a description of the services you will provide, including an outline of the service delivery model that your organisation will use to deliver the activity.
- Explain how the proposed service model will meet the needs of clients, including Aboriginal and Torres Strait Islanders, individuals from culturally and linguistically diverse backgrounds, individuals with a disability or those experiencing family violence.

Your response must be limited to 900 words (6000 characters).

7. The grant application process

7.1 Overview of application process

You must read these grant guidelines, the application form, the grant agreement terms and conditions and the Questions and Answers prior to submitting an application.

You are responsible for ensuring that your application is complete and accurate. Giving false or misleading information will exclude your application from further consideration.

Please keep a copy of your application and any supporting papers.

7.2 Application process timing

You must submit an application between the published opening and closing dates and times.

The Community Grants Hub will not accept late applications unless an applicant has experienced exceptional circumstances that prevent the submission of the application. Broadly, exceptional circumstances are events characterised by one or more of the following:

- reasonably unforeseeable
- beyond the applicant's control
- unable to be managed or resolved within the application period.

Exceptional circumstances will be considered on their merits and in accordance with probity principles.

How to lodge a late application

Applicants seeking to submit a late application will be required to submit a late application request to the Community Grants Hub Hotline via support@communitygrants.gov.au.

The request should include a detailed explanation of the circumstances that prevented the application being submitted prior to the closing time. Where appropriate, supporting evidence can be provided to verify the claim of exceptional circumstances.

Written requests to lodge a late application will only be accepted within three days after the grant opportunity has closed.

The Delegate or their appointed representative^[2] will determine whether a late application will be accepted. The decision of the delegate will be final and not be subject to a review or appeals process.

Once the outcome is determined, the Community Grants Hub will advise the applicant if their request is accepted or declined.

The activity must commence by 1 July 2019.

You must submit your grant application using the application form, which is available on the [GrantConnect](#) website.

The application form can only be accessed by invitees for this grant opportunity. The application form includes help information.

This is an online application form that you must submit electronically. If you have any technical difficulties please contact 1800 020 283 or email support@communitygrants.gov.au.

You must make sure that your application is complete, accurate and submitted by the closing date and time in accordance with these Guidelines.

The Community Grants Hub may ask you for more information, as long as it does not change the substance of your application. The Community Grants Hub does not have to accept any additional information, nor requests from applicants to correct applications after the closing time.

7.3.1 Service Delivery Areas

Your letter of invitation will invite you to deliver your funded family law service within a Statistical Area Level 4 (SA4). This is because the existing service delivery catchment areas have been realigned to fit with the Australian Statistical Geography Standard (ASGS) SA4.

The SA4s noted in your invitation to apply for funding are intended to provide a coverage area that aligns as closely as possible to your existing service delivery catchment area under your current grant agreement. However, in some cases, these areas may not completely align. While you are required to complete your application based on particular SA4s, you will not be required to deliver services to those areas within the SA4s where you are not already doing so. If you do decide to deliver

services in other parts of the SA4s and which are not part of your existing service delivery catchment area, no additional funding will be provided.

In the circumstance that there is an unanticipated service gap, the Department may issue further invitations to selected organisations inviting them to apply for funding to deliver services in a specified SA4(s) that they are not currently funded.

7.4 Applications from consortia

Invited organisations may apply as consortia to deliver grant activities. A consortium is two or more organisations who are working together to combine their capabilities when developing and delivering a grant activity. Eligible organisations can form a consortia with ineligible organisations.

If you are submitting a grant application on behalf of a consortium, the invited organisation must be appointed as the 'lead organisation'. Only the lead organisation will enter into a grant agreement with the Commonwealth and will be responsible for the grant. The lead organisation must complete the application form and identify all other members of the proposed consortium in the application. Lead organisations should ensure they have written agreement from member organisations to collaborate on the project. These may be requested as part of the assessment process.

7.5 Questions during the application process

Only questions from invited organisations will be responded to during the application period. You can contact the Community Grants Hub on 1800 020 283 or email to support@communitygrants.gov.au. The Community Grants Hub will respond to emailed questions within five working days.

The question period will close at 5:00pm AEDT 1 February 2019. Following this time, only questions relating to submitting the application will be answered.

8. Assessment of grant applications

8.1 Who will assess the application?

An assessment team will assess all eligible, compliant applications based on their merits and will consider how well your service model will achieve program objectives as outlined at section 1.4.

The assessment centre will be made up of Community Grants Hub staff, who will undertake training to ensure consistent assessment of all applications. If the selection process identifies that additional information or clarification is required, you may be contacted to provide further information.

8.2 Who will approve grants?

The Attorney-General will make the final decision to approve a grant.

The Attorney-General's decision is final in all matters, including the:

- approval of the grant
- grant funding amount to be awarded
- terms and conditions of the grant.

The Attorney-General must not approve funding if he reasonably considers that the program funding available across financial years will not accommodate the funding offer, and the application does not represent value for money.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

You will be advised of the outcomes of your application in writing, following a decision by the Attorney-General. If you are successful, you will also be advised about any specific conditions attached to the grant.

9.1 Feedback on your application

A Feedback Summary will be published on the Community Grants Hub website to provide all organisations with easy to access information about the assessment process and the main strengths and areas for improving their applications.

10. Successful grant applications

10.1 The grant agreement

If you are successful and you choose to accept a grant offer, you must enter into a legally binding grant agreement with the Commonwealth represented by the Department of Social Services. The Department of Social Services will use the Commonwealth Simple Grant Agreement. Standard terms and conditions for the grant agreement will apply and cannot be changed. A schedule may be used to outline the specific grant requirements. Any additional conditions attached to the grant will be identified in the grant offer or during the grant agreement negotiations.

You will be required to deliver the project and meet the performance reporting and financial acquittal requirements as outlined in your grant agreement.

The Department of Social Services will negotiate agreements with successful applicants within 30 days from the date of the written offer. If there are unreasonable delays in finalising

a grant agreement, the grant offer may be withdrawn and the grant may be awarded to a different applicant.

Where a grantee fails to meet the obligations of the grant agreement, the Department of Social Services may terminate the agreement.

You should not make financial commitments related to this grant until a grant agreement has been executed by the Commonwealth.

10.1.1 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the Commonwealth Child Safe Framework (CCSF).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause is likely to be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.

A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

The successful applicant will be required to comply with all child safety obligations included in the grant agreement published with this grant opportunity or notified to the successful applicant prior to execution of the grant agreement. Irrespective of the child safety obligations in the grant agreement you must always comply with your state and territory legislative requirements for working with children and mandatory reporting.

10.2 How the grant will be paid

The grant agreement will state the maximum grant amount to be paid.

We will not exceed the maximum grant amount under any circumstances. If you incur extra eligible expenditure, you must pay it yourself.

Grant funding will be paid six monthly.

11. Announcement of grants

If successful, your grant will be listed on [GrantConnect](#) no later than 21 calendar days after the date of effect as required by Section 5.3 of the *Commonwealth Grants Rules and Guidelines 2017*.

12. Delivery of grant activities

12.1 Your responsibilities

You must submit reports in line with the timeframes in the grant agreement. We will provide sample templates for these reports in the grant agreement. We will expect you to report on

- progress against agreed project milestones
- eligible expenditure of grant funds.

You will be responsible for:

- ensuring that anyone working directly with vulnerable people has the appropriate qualifications under relevant state or territory legislation
- meeting the terms and conditions of the grant agreement and managing the activity efficiently and effectively
- complying with record keeping, reporting and acquittal requirements as set out in the grant agreement.

12.2 Community Grants Hub responsibilities

On behalf of the Attorney-General's Department the Community Grants Hub will:

- meet the terms and conditions set out in the grant agreement
- provide timely administration of the grant
- evaluate the grantee's performance.

We will monitor the progress of your project by assessing reports you submit and may conduct site visits to confirm details of your reports if necessary. Occasionally we may need to seek further information or request an independent audit of payments.

12.3 Grant payments and GST

Payments will be made as set out in the grant agreement. Payments will be GST exclusive. If applicable, GST will be payable on this grant funding and will be set out in the grant agreement.

If you receive a grant, you should consider speaking to a tax advisor about the effect of receiving a grant before you enter into a grant agreement. You can also visit the [Australian Taxation Office website](#) for more information.

12.4 Reporting

RFDR services must have systems in place to allow them to meet their data collection and reporting obligations outlined in their grant agreement.

You will be required to submit a Financial Acquittal (12 monthly).

Performance information (e.g. client characteristics and service delivery information) will be required to be collected by service providers at the client level and entered directly into the department's performance reporting solution, the Data Exchange (DEX).

The performance information reported through DEX includes:

- Client identity characteristics (given and family names, date of birth, gender and residential address)
- Client demographic characteristics (indigenous status, cultural and linguistic diversity, and disability status, impairment or condition)
- Service delivery information (outlets, cases, sessions)
- Client outcomes.

DEX has two standardised six monthly performance reporting periods each year, which run from 1 July to 31 December and 1 January to 30 June, with a 30 day close off period after each of these. Once the close-off period is completed no further changes can be made to the data.

Information must be provided in accordance with the [Data Exchange Protocols](#).

Participation in the "partnership approach" is a requirement of funding. By participating, you agree to provide some additional information in exchange for the receipt of regular and relevant reports. The main focus of the partnership approach is collecting information about the outcomes achieved by clients as a result of service delivery. The partnership approach also includes some extended data items that provide additional information about client demographics, needs and circumstances.

12.4.1 Performance Indicators

RFDR Performance Indicators Descriptions:

1. Number of participants; counted as the number of unique client records.
2. Number of events/services instances delivered; counted as the number of service instances.
3. Proportion of participants from priority target groups, measured as the percentage of the total unique clients who identify as being Aboriginal and Torres Strait Islander, culturally and linguistically diverse (CALD), disabled or other as specified in Programme Guidelines.
4. Proportion of clients achieving improved independence, participation and well-being immediately after assistance.

5. Proportion of clients achieving individual goals related to independence, participation and wellbeing.

Performance Indicators will be measured using benchmarking, comparing your achievement against similar service providers delivering comparable services, using characteristics defined in the DSS Data Exchange Protocol.

12.4.2 Performance Management

Your performance against the grant agreement will be monitored on an on-going basis by the Funding Arrangement Manager in the Community Grants Hub. The Funding Arrangement Manager will ensure all milestones shown in your grant agreement are met. Where a grantee fails to meet the outcomes and objectives of the funded activity, actions will be outlined in the grant agreement.

12.5 Acknowledgement

All publications related to grants under the Program must acknowledge the Commonwealth as follows:

'This activity received grant funding from the Australian Government.'

12.6 Multicultural access and equity

Australia's *Multicultural Access and Equity Policy* obliges Australian government agencies to ensure their policies, programs and services (including those conducted by contractors and service delivery partners) are accessible to, and deliver equitable outcomes for, people from CALD backgrounds. The Department of Home Affairs maintains a range of policies on their website. Interested parties are encouraged to access these policies. Grant applicants should consider how they will ensure their services will be accessible to people from CALD backgrounds. For example, service delivery partners may require cultural competency skills in order to engage with CALD clients. Services, projects, activities or events may require the use of professional translating or interpreting services in order to communicate with clients who have limited English proficiency.

13. Probity

The Australian Government will make sure that the program process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the *Commonwealth Grants Rules and Guidelines 2017*.

Note: These guidelines may be changed from time-to-time by the Department of Social Services. When this happens the revised guidelines will be published on [GrantConnect](#) and the [Community Grants Hub](#) websites.

13.1 Complaints process
