This **Social and Community Participation 2020-21 grant opportunity** is part of the above grant program which contributes to the Department of Social Services' Outcome 3.2 National Disability Insurance Scheme. The Department of Social Services works with stakeholders to plan and design the grant program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#).

**Evaluation of the ILC grant program and the Social and Community Participation 2020-21
grant opportunity**

We evaluate your specific grant activity and the ILC grant program as a whole. We base this on information you provide us and that we collect from various sources.

1.1 Introduction

The Information, Linkages and Capacity Building (ILC) program provides grants to organisations to deliver supports and services for all people with disability, not only those eligible for the National Disability Insurance Scheme (NDIS). ILC has two main and interlinked aims:

- provide supports and information to as many Australians with disability as possible
- fund activities that help Australian communities be better equipped and more competent at including people with disability in economic and community life.

These guidelines contain information for the Social and Community Participation 2020–21 grant opportunity and must be read before filling out an application.

The guidelines set out:

- the purpose of the Social and Community Participation grant opportunity
- the eligibility and assessment criteria
- how grant applications are considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

This grant opportunity and process will be administered by the Department of Social Services (the department) and the Community Grants Hub.

2. About the grant program

The objective of the ILC Program is to increase social and community participation for people with disability. The ILC Program seeks to do this by:

1. building the capacity of people with disability to participate in their community
2. creating opportunities for people with disability to participate by creating more inclusive services and communities.

The Economic Participation and Community Program is one of four discrete and complementary programs delivered under the ILC Strategy.

The four programs are:

- **Economic and Community Participation Program** – increasing the social and economic participation, including employment outcomes, of people with disability.
- **National Information Program** – providing accessible, quality and consistent information about disability types and services and support options (community and mainstream).
- **Mainstream Capacity Building Program** – ensuring equity of access to, and increase inclusion of, people with disability in mainstream services.
- **Individual Capacity Building Program** – enabling systematic, nationwide access to peer support, mentoring and other skills building for people with disability, carers and families, primarily delivered through a national network of Disabled Peoples Organisations and Families Organisations.

These four programs are designed to ensure:

- there are alternative pathways to an ordinary life for people with a disability particularly by building the capacity of individuals without a NDIS plan to achieve their goals outside of specialist disability services
- people with disability, their family and carers have greater access to information and supports
- people with disability, their family and carers build their knowledge, skills and confidence to participate in social and economic life
- a more aligned service delivery system of ILC delivery, grounded in organisations run by and for people with disability and/or their families and carers
- strong collaboration across government and the sector that avoids duplication and maximises the department's investment in ILC.

The objectives of the Economic and Community Participation Program are being implemented via two streams: Social and Community Participation and Economic Participation, as outlined in the ILC Program Guidelines 2019–20 to 2021–22.

The Australian Government announced the following budget allocation (GST exclusive) for the ILC:

Financial Year 2020-21	Financial Year 2021-22
\$ 132.8 million	\$ 134.7 million

The department and Community Grants Hub administers the program according to the [Commonwealth Grants Rules and Guidelines 2017 \(CGRGs\)](#) (CGRGs).

2.1 About the Social and Community Participation 2020–21 grant opportunity

The **Economic and Community Participation Program** aims to build the capacity of the community to create opportunities for people with disability to contribute to community prosperity and participate in community life. The program connects people with disability to activities, employment and community supports and opportunities, helping communities and employers to be inclusive and responsive to people's needs locally, and nationally.

The **Social and Community Participation** stream is one of three streams used to implement the program.

The grant opportunity is an open, competitive selection process.

The aim of this grant opportunity is that people with disability, their families and carers are supported to participate in, contribute to and benefit from the same community activities as everyone else. The Social and Community Participation stream provides for inclusive practices to create opportunities for people with disability to participate in community life, with a focus on arts, culture, sport and recreation.

The grant round seeks to support community inclusion for people with disability, their families and carers during the current COVID-19 restrictive social environment and through recovery support to reengage in community participation as COVID-19 restrictions are lifted. Service models should consider sustainability of services beyond the current pandemic and be able to be scaled up or down in the event of future disasters.

The following community settings are in scope for the Social and Community Participation grant opportunity:

- local government
- civic participation (i.e. boards, charities, volunteer organisations groups)
- community groups (i.e. neighbourhood houses, men's sheds, scouts, girl guides)
- sporting clubs and associations
- arts groups and programs
- health and wellbeing groups
- informal community networks, clubs or groups (i.e. parent networks, Neighbourhood Watch groups)
- emergency services volunteer organisations.

We encourage applications from priority cohort led organisations that seek to improve the welfare of a specified community. More information on eligible activities and expenditure are in sections 5.1 and 5.2 of the Grant Opportunity Guidelines. Organisations that represent one or more of the following cohorts are encouraged to apply:

- Aboriginal and Torres Strait Islander communities
- culturally and linguistically diverse (CALD) communities
- Lesbian, Gay, Bisexual, Transgender, Intersex, Queer/Questioning, Asexual and Plus (LGBTIQA+) people
- children and young people (0-24 years)
- communities living in remote and very remote areas (Monash Modified Model 6-7).

3. Grant amount and grant period

This grant opportunity has a total of \$35.9 million (GST exclusive) available. Funding is available for up to 12 months from 10 June 2021 to 9 June 2022. Funding is available in this grant opportunity via two categories:

- **Large Grant:** for organisations seeking to impact broader systemic change or create large-scale opportunities for community inclusion state and territory wide, across multiple states and territories or nationally.

Funding under both categories may include up-scaling of a previous, or current successful, project(s).

Grant opportunity	Minimum and maximum funding request	Grant length

8. Assessment of grant applications

The Community Grants Hub will review your application against the eligibility criteria, specified in section 4 of the Grant Opportunity Guidelines. Only eligible applications will move to the next stage. Eligible applications will be considered through an open competitive grant process.

8.1 Who will assess and recommend applications?

The expert Selection Advisory Panel makes recommendations to the Delegate, about which applications to approve for a grant. All members of the Selection Advisory Panel are required to adhere to applicable requirements of the [Commonwealth Grants Rules and Guidelines](#) (CGRGs).

The panel may include a mix of people with disability, departmental staff, Commonwealth, State and Territory Government staff and people with relevant specialist expertise. Members of the expert Selection Advisory Panel are drawn from across Australia and where possible are representative of the broader community, including representation from culturally diverse groups, including First Nations people.

If eligible, the Selection Advisory Panel will assess and consider each application on its merits based on:

- how well it meets the relevant criteria
- how it compares to other eligible applications
- whether it provides value with money¹.

When assessing the extent to which the application represents value with relevant money, the Selection Advisory Panel will have regard to:

- whether the proposed project is in scope of the ILC policy and will contribute to the outcomes and objectives of the ILC Strategy and this grant opportunity
- the score achieved in the assessment process
- the overall objective/s to be achieved in providing the grant
- the extent to which there is a demonstrated commitment to the social model of disability
- geographic coverage, including but not limited to the assessment of proportionality across Australia
- distribution of priority areas or priority activities
- consortia applications from organisations that are representing similar cohorts of people across multiple jurisdictions, rather than multiple individual applications for the same cohort
- the relative value of the grant sought
- how the grant activities will target and achieve social and community participation outcomes
- if a current grant recipient, the current level of ILC funding and performance against the grant agreement
- the efficacy of the proposed activity, along with the available evidence base of the proposed activity
- the risks, financial and other, that the applicant or project poses for the department.

8.2 Financial viability

To mitigate against risk, you may be subject to a financial viability assessment. The financial viability assessment forms part of the risk mitigation strategy and can include:

- establishing whether relevant persons have any adverse business history (for example current or past bankruptcy)
- assessment of the financial health of an entity.

8.3 Who will approve grants?

The Deputy Secretary of the Disability and Carers Stream at the department is the decision maker for this grant opportunity. The decision maker will decide which grants to approve, and will take into account the recommendations of the Selection Advisory Panel in the deliberations. When making a decision, the decision maker may accept or reject the recommendations of the Selection Advisory Panel in whole or in part, and may approve one or more grant applications in place of one or more grant applications recommended by the Selection Advisory Panel.

¹ See Glossary for explanation of 'value with money'

In doing so, the decision maker's decision can vary from the Selection Advisory Panel recommendations. For the avoidance of doubt, in coming to a decision that varies from the Selection Advisory Panel recommendations, the decision maker may choose to obtain further information from the Selection Advisory Panel, but does not have to do so if satisfied that adequate information has been taken into account to make an informed decision.

Where the decision maker varies from the recommendations of the Selection Advisory Panel, the reasons for doing so will be recorded in writing. If further information is required, the decision maker has the ability to consider this including:

- additional expert or advisory opinion
- the availability of grant funds for the purposes of the grant program.

The decision maker's decision is final in all matters, including the:

- approval of the grant
- funding amount awarded
- terms and conditions of the grant.

There is no appeal mechanism for decisions to approve or not approve a grant.

9. Notification of application outcomes

We will write to you about the outcome of your application. If you are successful, further information regarding any next steps will be indicated in the email.

9.1 Feedback on your application

A Feedback Summary will be published on the Community Grants Hub website to provide all organisations with easy to access information about the grant selection process and the main strengths and areas for improving applications. Due to the anticipated volume of applications, individual feedback on applications is not available for this grant opportunity.

9.2 Further grant opportunities

The Economic and Community Participation Program is one of four discrete and complementary programs delivered under the ILC Strategy. Please subscribe to the ILC mailing list to receive updates on future ILC funding opportunities.

Any new application under future grant opportunities should reflect feedback provided in the published Feedback Summary and align to the ILC Program goals.

10. Successful grant applications

10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We will offer successful applicants a Commonwealth Simple Grant Agreement for this grant opportunity.

Each agreement has general grant conditions that cannot be changed. Sample grant agreements are available on [GrantConnect](#) and [Community Grants Hub](#) websites as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. You must not start any ILC activities until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These are identified in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement.

If you have applied through a consortia arrangement, you must supply us with a consortia agreement as described in section 7.3 of the Grant Opportunity Guidelines, completed and signed by all consortia members, prior to signing the grant agreement.

Commonwealth Simple Grant Agreement

We will use a Commonwealth Simple Grant Agreement.

You will have twenty (20) business days from the date of a written offer to sign and return this grant agreement. The grant agreement is not considered to be executed until both you and the Commonwealth have signed the agreement. During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

10.2 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the Commonwealth Child Safe Framework (CCSF).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause is likely to be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children or
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.

A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

The successful applicant will be required to comply with all child safety obligations included in the grant agreement published with this grant opportunity or notified to the successful applicant prior to execution of the grant agreement. Irrespective of the child safety obligations in the grant agreement, you must always comply with your state and territory legislative requirements for working with children and mandatory reporting.

10.3 How we pay the grant

The grant agreement will state the maximum grant amount to be paid.

We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.
