

Drought Resilience Research and Adoption Hubs Grant Opportunity Information Sessions

Dear subscriber

The Future Drought Fund – Drought Resilience Research and Adoption Program has received a lot of interest through our [Have Your Say page](#).

To date, over 50 organisations have registered their interest in leading or participating in Adoption and Innovation Hubs across regional Australia.

You can help set up these hubs for farmers, businesses, and communities so we can build drought resilience together.

To help you learn more about the program and how to apply for the Adoption and Innovation Hubs grant opportunity, we will be hosting 3 online information sessions in November.

The main goal of the information sessions is to explain the ins and outs of the grant application process.

There will also be time for any questions you may have about the grant opportunity.

Information sessions will be delivered using **Zoom**, the most popular video conferencing platform available to our stakeholders. If your organisation has trouble accessing Zoom, please register using your own device.

To participate, select your preferred time below to register.

Drought Resilience Research and Adoption Hubs Grant Opportunity information sessions:

- [Webinar #1 – November 26, 2020 10:00am Canberra, Melbourne, Sydney](#)
- [Webinar #2 – November 26, 2020 12:00pm Canberra, Melbourne, Sydney](#)
- [Webinar #3 – November 27, 2020 10:00am Canberra, Melbourne, Sydney](#)

We look forward to you joining us for this engaging series!

Grant applications are now open on the [Community Grants Hub](#). Applications close 23 December 2020.

Thank you for your interest.
