## 1.1 Introduction

These guidelines contain information for the Sport4All Expansion grant opportunity.

You must read these guidelines before filling out an application.

This document sets out:

- the purpose of the grant program/grant opportunity
- the eligibility and assessment criteria
- how the grant application is considered and selected
- how grantees are notified and receive grant payments
- how grantees will be monitored and evaluated
- responsibilities and expectations in relation to the opportunity.

This grant opportunity and process will be administered by the Department of Social Services (the department) and the Community Grants Hub.

## 2. About the grant program

The Sport4All Expansion grant opportunity is part of the department's Disability and Carers Program. The program provides support to people with disabilities and carers to actively participate in community and economic life. The purpose of the program is to support the independence and economic participation of people with disability and carers by providing targeted supports.

The department and Community Grants Hub administers the program according to the [\*Commonwealth Grants Rules and Guidelines 2017\*](#) (CGRGs).

### 2.1 About the Sport4All Expansion grant opportunity

This grant is available to Get Skilled Access to deliver the Sport4All Expansion project. This grant opportunity has been established as a closed non-competitive grant selection process.

The department considers this an appropriate type of selection process as the nature of the grant is specifically dependent on the expansion of Sport4All, which is a program developed by Get Skilled Access. Furthermore, Get Skilled Access is in a unique position to deliver the project as its founder is a high profile sports person with disability and is a leader in the field of sport for people with disability, which will help inspire other people with disability to participate in sport.

The Sport4All program aims to increase the participation of people with disability in sport by delivering educational programs at the grassroots level to schools and local sporting clubs across Australia. In addition, the Sport4All program engages a person with disability or lived experience of disability to run the program in each local council.

The objectives of this grant opportunity are to increase sporting participation of people with disability from Aboriginal and Torres Strait Islander, culturally and linguistically diverse (CALD), and regional and remote communities by tailoring the current Sport4All program to be culturally and linguistically appropriate.

The intended outcomes of the grant activities are:

- people with disability from Aboriginal and Torres Strait Islander, CALD and regional and remote communities have increased opportunities to participate in inclusive sports and physical activities
- reduced barriers for people with disability accessing community services.

This grant will be administered by the Community Grants Hub on behalf of the department.

## 8. The grant selection process

### 8.1 Assessment of grant applications

The Community Grants Hub will review your application against the eligibility criteria.. If eligible, your application will be considered through a closed non-competitive grant process.

The department will then assess your application against the assessment criteria (see section 6). We will consider your application on its merits, based on how well it meets the assessment criteria.

### 8.2 Financial viability

You may be subject to a financial viability assessment. The financial viability assessment forms part of the risk mitigation strategy and can include:

- establishing whether relevant persons have any adverse business history (for example, current or past bankruptcy)
- assessment of the financial health of an entity.

### 8.3 Who will assess and select applications?

The department will assess an eligible and compliant application on its individual merit. Assessment will be undertaken by departmental personnel, who will undertake training to ensure consistent assessment of all applications. The department uses this information to help them develop recommendations on the application to be awarded a grant.

The department will assess and consider an eligible application on its merits and based on how well it meets the relevant criteria and whether it provides value with money.

When assessing the extent to which the application represents value with money, the department will have regard to:

- the score achieved in the assessment process
- the overall objective/s to be achieved in providing the grant
- the extent to which there is a demonstrated commitment to the social model of disability
- geographic coverage, including but not limited to the assessment of proportionality across Australia
- distribution of priority areas or priority activities
- the relative value of the grant sought
- how the grant activities will target and achieve the expected outcomes of the grant opportunity
- the efficacy of the proposed activity, along with the available evidence base of the proposed activity
- the risks, financial and other, that the applicant or project poses for the department.

## 8.4 Who will approve grants?

The Deputy Secretary of the Disability and Carers Stream of the department (the decision maker) will make the final decision to approve a grant.

The decision maker's decisions are final in all matters, including:

- the approval of the grant
- the grant funding amount to be awarded
- the terms and conditions of the grant.

## 9. Notification of application outcomes

We will write to you about the outcome of your application. If you are successful, you are advised of any specific conditions attached to the grant.

### 9.1 Feedback on your application

Individual feedback will be available. The process for requesting individual feedback will be included in the letter advising of the outcome of your application.

## 10. Successful grant applications

### 10.1 The grant agreement

You must enter into a legally binding grant agreement with the Commonwealth. We will offer the successful applicant a Standard Grant Agreement for this grant opportunity.

The grant agreement will have grant conditions that cannot be changed. Sample grant agreements are available on GrantConnect as part of the grant documentation. We will use a schedule to outline the specific grant requirements.

We must execute a grant agreement with you before we can make any payments. We are not responsible for any of your expenditure until a grant agreement is executed. You must not start your grant activity until a grant agreement is executed.

Your grant agreement may have specific conditions determined by the assessment process or other considerations made by the decision maker. These are identified in the agreement.

The Commonwealth may recover grant funds if there is a breach of the grant agreement. The department will remind you the grant funding is due to terminate 6 months before the activity end date.

### **Commonwealth Standard Grant Agreement**

We will use a Commonwealth Standard Grant Agreement.

You will have 5 business days from the date of a written offer to sign and return this grant agreement. The grant agreement is not considered to be executed until both you and the Commonwealth have signed the agreement. During this time, we will work with you to finalise details.

The offer may lapse if both parties do not sign the grant agreement within this time. Under certain circumstances, we may extend this period. We base the approval of your grant on the information you provide in your application.

You may request changes to the grant agreement. However, we will review any changes to make sure they do not affect the grant as approved by the decision maker.

## 10.2 Commonwealth Child Safe Framework

The Royal Commission into Institutional Responses to Child Sexual Abuse highlighted the need for organisations to adopt child safe practices including appropriate screening of staff, mandatory reporting and adoption of the National Principles for Child Safe Organisations. The Australian Government committed to a new Commonwealth-wide framework to protect children and young people it is responsible for – the Commonwealth Child Safe Framework (CCSF).

The Australian Government is considering appropriate ways to apply the requirements of the CCSF to grant recipients. A child safety clause is likely to be included in a grant agreement where the Commonwealth considers the grant is for:

- services directly to children
- activities that involve contact with children that is a usual part of, and more than incidental to, the grant activity.

A child safety clause may also be included in the grant agreement if the Commonwealth considers the grant activity involves children more broadly.

The successful applicant will be required to comply with all child safety obligations included in the grant agreement published with this grant opportunity or notified to the successful applicant prior to execution of the grant agreement. Irrespective of the child safety obligations in the grant agreement, you must always comply with your state and territory legislative requirements for working with children and mandatory reporting.

## 10.3 Multicultural access and equity

The Australian Government's Multicultural Access and Equity Policy obliges Australian Government agencies to ensure their policies, programs and services - including those provided by contractors and service delivery partners - are accessible to, and deliver equitable outcomes for, people from multicultural communities.

You should consider how you will ensure the services will be accessible to people from multicultural communities. For example, service delivery partners may require cultural competency skills. In addition, services, projects, activities or events may require the use of professional translating or interpreting services in order to communicate with clients who have limited English proficiency. Based on an assessment of the client target group, costs for translating and interpreting services should be factored into the grant application.

## 10.4 How we pay the grant

The grant agreement will state the maximum grant amount to be paid. We will not exceed the maximum grant amount under any circumstances. If you incur extra costs, you must meet them yourself.

We will make payments according to an agreed schedule set out in the grant agreement. Payments are subject to satisfactory progress on the grant activity and project milestones being met.

## 10.5 Grant payments and GST

Payments will be GST Inclusive. If you are registered for the [Goods and Services Tax \(GST\)](#), where applicable, we will add GST to your grant payment and issue you with a [Recipient Created Tax Invoice](#).

Grants are assessable income for taxation purposes, unless exempted by a taxation law. We recommend you seek independent professional advice on your taxation obligations or seek assistance from the [Australian Taxation Office](#). We do not provide advice on your particular taxation circumstances.

## 11. Announcement of grants

If successful, your grant will be listed on the GrantConnect website no later than 21 calendar days after the date of effect as required by section 5.3 of the [CGRGs](#).

## 12. How we monitor your grant activity

### 12.1 Keeping us informed

You should let us know if anything is likely to affect your grant activities or organisation.

We need to know of any changes to your organisation or its business activities, particularly if they affect your ability to complete your grant, carry on business and pay debts due because of these changes.

You must also inform us of any changes to your:

- name
- addresses
- nominated contact details
- bank account details.

If you become aware of a breach of the terms and conditions under the grant agreement, you must contact us immediately. You must notify us of events relating to your grant and provide an opportunity for the Minister or their representative to attend.

### 12.2 Reporting

Grantees must have systems in place to meet their data collection and reporting obligations outlined in their grant agreement.

Performance information (for example, client characteristics and service delivery information) needs to be collected by grantees at the client level and put directly into the department's performance reporting solution, the Data Exchange.

The performance information reported through the Data Exchange includes:

- client identity characteristics (given and family names, date of birth, gender and residential address)
- client demographic characteristics (Indigenous status, CALD and disability status, impairment or condition)
- service delivery information (outlets, cases, sessions)
- client outcomes.

The Data Exchange has 2 standardised 6-monthly performance reporting periods each year, which run from 1 July to 31 December and 1 January to 30 June, with a 30-day close off period after each of these. Once the close-off period is completed, no further changes can be made to the data.

Information must be provided in accordance with the Data Exchange Protocols available on the [Data Exchange website](#).

You must submit reports in line with the grant agreement. We will expect you to report on:

- progress against agreed grant activity milestones and outcomes
- expenditure of the grant.

The amount of detail you provide in your reports should be relative to the size and complexity of the grant and the grant amount.

We will monitor progress by assessing reports you submit and may conduct site visits or request records to confirm details of your reports if necessary. Occasionally we may need to re-examine claims, ask for more information or request an independent audit of claims and payments.

### **Progress reports**

Progress reports must:

- include evidence of your progress toward completion of agreed activities and outcomes
- show the total eligible expenditure incurred to date
- include evidence of expenditure
- be submitted by the report due date (you can submit reports ahead of time if you have completed relevant activities).

We will only make grant payments when we receive satisfactory progress reports.

You must tell us of any reporting delays as soon as you become aware of them.

### **Ad-hoc reports**

We may ask you for ad-hoc reports on your grant. This may be to provide an update on progress, or any significant delays or difficulties in completing the grant activity.

### **Final report**

When you complete the grant activity, you must submit a final report.

Final reports must:

- identify if and how outcomes have been achieved
- include the agreed evidence as specified in the grant agreement
- identify the total eligible expenditure incurred
- be submitted by the due date and in the format provided in the grant agreement.

## **12.3 Audited financial acquittal report**

We may ask you to provide an independently audited financial acquittal report. A financial acquittal report will verify that you spent the grant in accordance with the grant agreement.

## **12.4 Grant agreement variations**

We recognise that unexpected events may affect your progress. In these circumstances, you can request a variation to your grant agreement. You can request a variation by contacting your Funding Arrangement Manager in the Community Grants Hub.

You should not assume that a variation request will be successful. We will consider your request based on provisions in the grant agreement and the likely impact on achieving outcomes.

## **12.5 Compliance visits**

We may visit you during or at the completion of your grant activity to review your compliance with the grant agreement. We will provide you with reasonable notice of any compliance visit.

## **12.6 Record keeping**

We may also inspect the records you are required to keep under the grant agreement.

## **12.7 Evaluation**

We will evaluate the grant opportunity to see how well the outcomes and objectives have been achieved. We may use information from your application and reports for this purpose. We may also ask you for more information to help us understand how the grant impacted you and to evaluate how effective the program was in achieving its outcomes.

We may contact you up to one year after you finish your grant for more information to assist with this evaluation.

## **12.8 Acknowledgement**

If you make a public statement about the grant activity funded under the program, we require you to acknowledge the grant by using the following:

'This grant activity received grant funding from the Australian Government.'

# **13. Probity**

The Australian Government will make sure that the grant opportunity process is fair, according to the published guidelines, incorporates appropriate safeguards against fraud, unlawful activities and other inappropriate conduct and is consistent with the CGRGs.

These guidelines may be changed by the department. When this happens, the revised guidelines are published on [GrantConnect](#) and the [Community Grants Hub](#) websites.
