2024–25 Volunteer Grants: Hinkler

Feedback for applicants

The Department of Social Services (the department) has provided the following general feedback for applicants of the Closed Non-Competitive 2024–25 Volunteer Grants: Hinkler grant opportunity.

Assessment of applications was in accordance with the procedure detailed in the Grant Opportunity Guidelines (the guidelines) and outlined in the selection process below.

Overview

The application submission period opened on 22 September 2025 and closed on 3-October 2025.

The electorate based, closed, non-competitive selection process was designed to ensure grant funding addresses local priorities and achieves an equitable geographic distribution of funding. The Member of Parliament (MP) in collaboration with his community committee, nominated organisations to apply for funding. Due to the resignation of the previous Federal MP for Hinkler in January 2025, the 2024–25 Volunteer Grants process for this electorate was deferred until a new Federal MP was elected. The nomination period for the MP for Hinkler to submit their nominations closed on 11 July 2025. The department subsequently invited the nominated organisations to apply. The department considered all applications in line with the guidelines.

Selection Process

The Community Grants Hub (the Hub) undertook the initial screening for organisation eligibility and compliance against the requirements outlined in the guidelines. This information was provided to the department's grant opportunity delegate for the final decision on whether an application met the eligibility and compliance criteria.

The department assessed and considered all applications through a closed non-competitive grant process.

Consideration of assessed applications was based on:

- Meeting the compliance requirements specified in the guidelines.
- Meeting the eligibility requirements specified in the guidelines.
- Whether the project demonstrated value with relevant money
- Identified risks and the proposed mitigation strategies.

Selection Results

There was a strong interest in the grant opportunity and applications were of a high standard. The successful applicants demonstrated their ability to meet the grant requirements outlined in the guidelines.

The Hub notified applicants of the outcome in writing, where their applications did not meet the requirements outlined in the guidelines.
